NOTICE TO RESUME WATER USE

Re: Water Right No. 63-4219A

Dear Ms. Jepson:

According to the Partial Decree issued by the SRBA Court on February 16, 2007, you are the current owner of the above referenced water right. This letter is to request your assistance in completing information requested from previous owners of the water right.

On the 23rd day of May 2002, the department approved an Application for Extension of Time to Avoid Forfeiture for Water Right no. 63-4219A to the previous owners, Jerald G. Lee and Sharon A. Lee. The Lees' application was filed in lieu of forfeiture of the water right because of damage to the diverting works that prevented them from using the water. (Please refer to the enclosed copies.) The department granted the Lee's request and informed them that resumption of use must occur on or before May 1, 2007, and that failure to resume use of the water and to notify the department of the resumed use would be cause for the water to revert back to the state and again be subject to appropriation. A notice of this deadline was mailed to the Lees on March 1, 2007, however the notice was returned and no response has been received.

Because of your current status as owner of this water right, you may file resumption of use with the Department and resolve the requested notification of resumption of use. I am enclosing a Resumption of Use form, and ask that you please complete the form and return it to my attention in the enclosed postage paid, return envelope.

If you have any questions regarding this matter, please contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
