Re: Water Right Application No. 75-14417 (Rose)

Dear Roger,

Idaho Department of Fish and Game staff has reviewed the application from Dr. Wesley Rose for 0.2 cfs of spring water from an isolated upland spring near Elk Bend to irrigate 11.0 acres. This water withdrawal will not negatively impact fish or aquatic habitat and we have no particular concerns regarding issuance of the permit.

We appreciate the opportunity to review this application and provide comments.

Sincerely,

James R. Lukens
Regional Supervisor
