RE: DEQ comments on Water Rights Application 75-14417

Dear Mr. Rose:

The Idaho Department of Environmental Quality ("Department") reviewed your water rights application and any of our existing water quality information near your proposed project site identified in Application 75-14417.

After our review, the Department concurs with the January 14, 2007 correspondence from the Idaho Department of Fish and Game concerning fisheries and aquatic habitat.

The Department has no additional comments at this time. Additionally, the Department believes this letter is sufficient to allow the Department of Water Resources to complete their review of your water rights application. Thank you for the opportunity to review your application.

Please do not hesitate to contact me at 208.528.2650 for any additional information we may be able to provide.

Sincerely,
