RE: DEQ comments on Water Rights Application 74-14277

Dear Mr. Jones:

The Idaho Department of Environmental Quality ("Department") reviewed your water rights application and any of our existing water quality information near your proposed project site identified in Application 75-14277.

The Department does not have any objection to the use of the water applied for in your water right application because you have identified it as excess potable water from a storage tank.

The Department has no additional comments at this time. Thank you for the opportunity to review your application.

Please do not hesitate to contact me at 208.528.2650 for any additional information we may be able to provide.

Sincerely,

A handwritten signature in black ink, appearing to read "Troy Saffle".

Troy Saffle
Regional Water Quality Manager
Idaho Falls Regional Office
