RE: Change in Ownership on Water Rights Nos. 85-10753 & 85-11338

In accordance with IDWR letter of June 7,2007 requesting legal description of properties and proof of ownership of subject water rights, please find attached a copy of two (2) warranty deeds and copy of Idaho County 2006 Tax Bill/Receipts (5) for subject farm properties.

This 560-acre Martin farm was purchased in 2 separate real estate transactions. The 1st included the south approx 320 acres, and the 2nd included the north approx 240 acres.

Let me know if you are in need of any additional information, and also if there are other water rights within these properties that can be transferred to my ownership.

Thank you,

Richard Novotny
