RE: Change in Ownership on Water Right Nos. 85-10753 & 85-11338

Dear Mr. and Mrs. Novotny:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

☒ **Evidence of Water Right Ownership:** Copy of Warranty Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

☒ **Legal Description of Property**

During our review of the documentation you submitted we found that your warranty deed did not cover water right number **85-10753**. Enclosed is a computer generated report, and a map showing the place of use for this water right. The change of ownership cannot be processed, unless you can show proof of ownership of this water right.

Also, during our review of the warranty deed you submitted we found that water right number **85-11338** may need to be split. The deed submitted only shows ownership of the W ½ of the SW ¼ of Section 6 in Township 31 North, Range 2 East. Enclosed is a computer generated report, and map showing the Place of Use for this water right. The ownership change cannot be processed, unless you can show proof of ownership for the other pieces of this water right. If you are only entitled to a portion of this water right, please submit an additional \$75.00 to process this ownership change as a split.

The Department we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

If you have any questions regarding this matter, please call Darla Block at 208-287-4945.

Sincerely,

Darla Block
Technical Records Specialist
