RE: Application for Transfer 73332

Dear Applicant(s):

The Department of Water Resources has received your application for transfer. Preliminary review of the application indicates that there was a need to correct the point of diversion, by adding a point of diversion for "rediversion" from the Lemhi River and Springs and also by adding a point of diversion for "injection" from the Lemhi River. We are returning the amended application to allow you to review the amendments made and to resign in front of a notary.

Please review, sign and return to our office for processing.

Sincerely,

Trent Galbraith
Water Resource Agent
