Subject: Application for Transfer
Water Right/SRBA Claim Nos. 73-12047, 73-12103, 73-12104

Dear Sir,

On behalf of Chuck and Claudia Charlton, I am pleased to submit the enclosed *Application for Transfer* for the water rights captioned above. The Charltons are participating in a water conservation project managed by the Custer Soil and Water Conservation District. The goal of the project is to close a series of diversions from several sources in the Pahsimeroi Valley and eliminate use of the Ellis ditch. The Charlton's place of use under these water rights will not change.

We understand that the filing fee for this Application is \$250.00. You will find a check for that amount enclosed, paid by Custer Soil and Water Conservation District.

Please contact me with any questions.

Sincerely,

Roxanne Brown
Water Rights Specialist

Cc: Chuck and Claudia Charlton
