

State of Idaho License and Certificate of Water Right

Water License No. 20345

Amount 64 c.f.s.

Water District No.

Priority March 6, 1948

THIS IS TO CERTIFY that JESS R. TAYLOR

of Boise, Idaho,

made application for a permit to appropriate the

public waters of the State of Idaho, dated March 6, 1948, that Permit No. 20345

was issued under said application; that Certificate of Completion of works, with a carrying capacity of

2.0 second feet, was issued thereunder on February 15, 1953, showing that said works

were completed on the 17th day of February, 1953, and that on the 15th

day of January, 1954, JESS R. TAYLOR

of Boise, State of Idaho

made proof to the satisfaction of the

State Reclamation Engineer

of Idaho, of the right to use the waters of Pioneer Creek

a tributary of

for the purpose of Irrigation, Rush Creek

use under Use Permit No. 20345 of the Department of Reclamation

and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,

and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume

10 of Licenses at page 4180, on the 15th day of October, 1957

The right hereby confirmed dates from March 6, 1948

The Point of Diversion is located on Front Pioneer Creek, NW 1/4, Section 3, Rush Creek, NW 1/4, Section 3, Cliff Creek SE 1/4, NE 1/4

in the 1/4, Sec. 3, Td. 20N., R. 1E., B. M. County Valley

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 64 cubic feet per second

Description and location of use:

Type	Range	Sec	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
20 N.	1 E.	3	SE NE	2	2
			SW NE	2	2
			SE SW	2	2
			SW SW	2	2
			NE SW	4	4
			NE SE	4	4
			NW SE	4	4
Total number of Acres irrigated				32	32

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

With the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

15th day of October, 1957

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Mr. Jess R. Taylor
No. 1801 Manitou St.
Boise, Idaho

BOISE

January 3, 1950

Dear Sir:

Under the terms of your permit No. 20345 you are required to complete your diversion works and make proof of beneficial use on or before March 21, 1950.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public of Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is March 21, 1950, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KUTP
State Reclamation Engineer

Permit No. 20345

Application for Extension of Time FOR COMPLETION OF WORKS

Jess R. Taylor of 1801 Manitou, Boise
State of Idaho, being first duly sworn, upon his oath deposes and says:
He is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho
No. 20345

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by March 21, 1950.

That he has heretofore performed the following work described under said permit:

Diversions made and work 90% completed.

costing \$900.00

That he is unable to complete the remainder of the work within the required time, for the fol-
lowing reasons, to-wit:

Curtailment of operations to a lesser scale.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the comple-
tion of works under said permit to March 21st, 1953.

Subscribed and sworn to before me this 5th day of January, 1950

My commission expires March 25, 1951

Notary Public.

JESS R. TAYLOR

being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 20345, and that his postoffice address is 1801 Main St., Boise

State of Idaho

Second: That the name of the stream from which said water is to be diverted is

Pioneer Creek, Rush Creek and Clear Creek

Third: That the point of diversion of said water is in the NW $\frac{1}{4}$, SW $\frac{1}{4}$, NW $\frac{1}{4}$, SE $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 3, Twp. 20 N., Range 13 E., B.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by March 21, 1953.

Fifth: That the use for which said water is intended is Irrigation and domestic

Sixth: That on the date above mentioned, the works constructed under said permit were ~~on account of~~ fully completed and consisted of the following:

I. Kind of works: Dams, headgates and ditches

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

Average 2

Average 10

(a) Height of dam feet, length of dam at top feet, length of dam at

bottom feet. Material used in construction

Stone.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width 2 feet, height 2 feet.

(d) Conduit Ditch width at bottom 2 feet, width at water line 1

(State whether ditch, flume or pipe)

feet, depth of water 0.5 feet; diameter of pipe inches, average grade

per mile is feet. Length of conduit is from 0.1 to 0.5 miles.

Seventh: That said works are capable of conducting to the place of intended use

Two second feet of water.

Eighth: That water appropriated under said permit is available for 64.84 acres of land described as follows: H. E. 809, described by metes and bounds on unsurveyed land, approximately in Sec. 2 and 3, Twp. 20 N., Range 13 E., B.M.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) December 17 - 1958

(P. O.) Boise, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Cascade News of Cascade, Idaho published in
the county in which the works are situated.

John R. Taylor

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

20345

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
JAN 15 1964
DEPARTMENT OF RECLAMATION

Permit No. 20345

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Jess R. Taylor, Boise, Idaho, dude rancher, 1801 Manitou Street, Boise

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. no corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 20345, March 21, 1948, Date of priority - 1934 5-4-98

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Pioneer Cr., Rush Creek & Cliff Creek, tributary of Big Creek, Sec. 3, T. 20 N., R. 13 E., B. M., County of Valley, State of Idaho. (See Permit No. 20345 on file)

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Rockfill dams, headgates and ditches. Points of Diversion, 0.5 c.f.s. from Pioneer Creek, approx point of diversion NW 1/4 SE 1/4 Section 3, Amount 1.0 c.f.s. from Rush Creek, approx. point of diversion NW 1/4 SW 1/4 Section 3, Amount .50 c.f.s. from Cliff Creek, approx. point of diversion, SE 1/4 NE 1/4 Section 3, Twp. 20 N., R. 13 E.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation & Domestic uses. Approximately 35 acres adjacent to Big Creek, all located in Section 3, T. 20 N., R. 13 E. B. M., Valley County. Improvement of air strip and living quarters by reason of planting, seeding of alfalfa, domestic use of water for dwelling house, etc.

20345

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 2.0 c.f.s. from all three

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. original applicant

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Used all of available amount on designated acreage set out in 5 above.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that

said testimony was subscribed and sworn to before me, at my office in Boise,

County of Ada, State of Idaho, on this 15th day of January,

My commission expires Nov. 10, 1956.

Notary Public for Idaho
Residing at Boise, Idaho

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHOPERMIT NO. 20345**Proof of Application of Water to Beneficial Use****Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Horace Fereday, 59 years, 6014 Randolph Drive, Boise, Idaho,
Warehousing.

Ques. 2. Are you acquainted with Jess R. Taylor, the holder of Permit No. 20345? How long have you known him and where does he reside?

Ans. 6 years, Big Creek, Idaho, and Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20345, and are you familiar with its provisions and conditions?

Ans. I have read the permit and am familiar with it.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. From Pioneer Creek, Rush Creek and Cliff Creek, tributary of Big Creek, Valley County, Idaho. Diverted in Section 3, T. 20 N., R. 13 E. B. M., Valley County, through headgates and ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen approximately 2.0 c.f.s. being carried through these works, but I think the works would carry more water than that.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic uses. All in Section 3, T. 20 N., R. 13 E. B. M. Cottage and cabins where domestic water is used. Landing Strip, hay fields and garden. Approximately 35 acres cultivated.

20345

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Domestic use.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy soil. Flat land adjacent to Big Creek.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatsoever.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. 1951 and 1953. I saw applicant irrigating lands, and this water is essential to the use of these lands for growing purposes. Also applicant uses said water for domestic purposes.

(Signed) Harold L. Lusk

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise

County of Ada, State of Idaho, on this 15th day of January

A. D. 1954

My commission expires Nov. 10, 1956.

Paul M. Taylor
Notary Public.

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Bernard J. Rotzler, 49 years, Route 4, Boise, Idaho, plastering

contractor.

Ques. 2. Are you acquainted with Jess R. Taylor, the

holder of Permit No. 20345 ? How long have you known him and where does

he reside?

Ans. I have known him for 20 years. He resides at Big Creek, Idaho.

except that he has a mailing address at Mantion Street, Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20345 and are you

familiar with its provisions and conditions?

Ans. I have read said Permit and am familiar with it.

Ques. 4. State source of water supply, place of diversion, and describe works for con-

veying water from point of diversion to place of use.

Ans. From Pioneer Creek, Rush Creek and Cliff Creek, tributary of

Big Creek, Valley County, Idaho. Diverted in Section 3, T. 20 N.

R. 13 E. B. M., Valley County, through headgates and ditches.

Ques. 5. How many second feet of water do you estimate said works will safely con-

duct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen approximately 2.0 c.f.s. being handled by these works,

but they could easily handle more.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give

each subdivision in which water has been used and number of acres irrigated in each

subdivision.) State whether cultivated or natural meadow land and the nature of all im-

provements which have been made as a direct result of said use.

Ans. Irrigation and domestic uses. In Section 3, T. 20 N., R. 13 E. B. M.

Approximately 35 acres cultivated. Pasture and hay ground. Garden spot.

Lawn & air strip.

20345

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Domestic use.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Bottom land, for which I would estimate it would be necessary to have 2.0 c.f.s.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. For a number of times each year I have seen applicant apply all of the available water to the irrigation of said land and to domestic use.

(Signed)

Bernard J. Royle

Mr. Cecil Stowell
c/o U. S. Forest Station
Bettell, Idaho

Dear Mr. Stowell:

Following up on your promise to make an inspection for me
in the primitive area.

Enclosed is a report form to be used in making an inspection
in connection with Mr. Taylor's Permit.

A map has been drawn out to help with the inspection;
do not hesitate to show points of diversion as they are and location
of land irrigated. In other words, if map is wrong make corrections,
preferably in red.

Give a general description of dms in each creek and ditch
leading from it, give dimensions as much as possible. Estimate the
acres irrigated as near as possible.

Locate points of diversions of dms with relation to distance
from mouth of stream if there are no survey markers and I presume
there are none.

Be sure to sign the report.

Yours truly,

MARK E. KILP
State Reclamation Engineer

Taylor
Permit

Dear Sir:

Your letter of 4/16/57 is received.

However, the Jess Taylor ranch is on the Big Creek District and I will not have an opportunity to get in there this spring. So I contacted the Ranger Allen Dahlgren, who was recently transferred to the Big Creek District in regard to this job. He said, "if you would let him know what information you needed he would be glad to do the job for you at his first opportunity".

Sincerely yours,

H. W. Parks
Forest Ranger

Re. Permit 20345

Mr. H. W. Parks
Forest Ranger
Warren, Idaho

Dear Mr. Parks:

I am sending this letter to you to be forwarded to Mr. Dahlgreen because I am not certain of the address for Mr. Dahlgreen.

Enclosed is an inspection form to be used in making the inspection on permit 20345. If you see Mr. Dahlgreen and explain how you made out the one for Mr. Irish that would help him on this one.

The point of diversion, or where the ditch takes out from each one of the creeks should be marked on the map and the distance from the mouth of the creek given.

The amount of land irrigated from each stream should be given in acres and also shown on the map.

Tell what is produced by use of the water, whether it is hay, grain or pasture or just lawn and garden.

If any of it is used for household such as cooking and drinking or any other uses tell about it.

Give a general description and measurements of the dam in each creek such as height, width etc. Also give the width and depth of the ditches and tell whether they are flat ditches or have lots of fall so that water runs fast.

We will greatly appreciate it if you can make the necessary report and sign your name to it.

Yours truly,
Mark R. Kulp

Permit No. 20345

Mr. Jess E. Taylor
1801 Hamilton Street
Boise, Idaho

Dear Mr. Taylor:

The report of our field engineer, on the inspection of the application of water to beneficial use under the terms of Permit No. 20345 submitted by Mr. A. E. Dahlgreen, District Forest Ranger, Payette National Forest, shows that the works are capable of conveying 32 miner's inches (cfs u.s.) of water for irrigation of 32 acres.

Upon receipt of the statutory fee of \$11.00 (based at the rate of two dollars for each 40-acre subdivision) we will issue to you the License and Certificate of Water Right confirming the right with priority of March 6, 1948, to your use of cfs second feet of water from Pioneer Creek with point of diversion in the NW 1/4 Section 3, Rush Creek with point of diversion in the NW 1/4 Section 3, and from Cliff Creek with point of diversion in the SE 1/4 of Section 3, for irrigation of 32 acres in the SE 1/4, SW 1/4, SW 1/4, SE 1/4, NE 1/4, NE 1/4, NW 1/4, NW 1/4 of Section 3, Township 20 North, Range 13 East, B.M.

Very truly yours,

MARK E. KULP
