***Re: Application for Transfer on Water Right 63-3016E and Well  
Drilling Fee Upgrade***

Dear Mr. Arnold and Ms. Wooll:

Per our telephone call on 6/18/2007 I am returning you application for transfer for the following corrections:

- 1.) In Part 1, Section B2, you neglected to insert the total amount of water being diverted. These amounts are 0.07 cubic feet per second and 22.5 acre-feet per annum.
- 2.) In Part 1, Section 3, you neglected to insert the water source. For this water right the source would be ground water and the tributary would be N/A.
- 3.) In Part 1, Section 5, you neglected to insert the total acres at the bottom of the page. From the application this amount would be 5 acres.
- 4.) In Part 1, you listed the name of the applicant as Bill Arnold and Vicki Wooll, however, only Mr. Arnold signed the transfer. Both of you will need to sign the application.
- 5.) As discussed in my 6/14/2007 letter, the fees for this application were not paid. Please pay the \$100.00 fee for the transfer application and the \$125.00 fee for the well upgrade fee for a total of \$225.00.

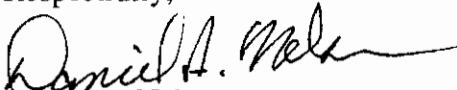

Please initial and date all changes.

Once the corrections have been made please return this application to our office at the above address.

In order to properly evaluate your transfer proposal, the information discussed above and the \$225.00 fee must be submitted prior to any further evaluation of your application. You may seek additional time to provide the information by making a written request to delay or interrupt processing. **Your written response including the requested information, or a request for more time to seek the information must be received by July 20, 2007.** IDWR will issue a preliminary order to reject or deny the application without a timely reply.

Respectfully,

Daniel A. Nelson  
Senior Water Resource Agent  
Western Region
