Re: Application for Transfer No. 67838 (Previously No. 4122)

Dear Vic:

For some reason we are having difficulty finalizing the desired application details to change water right no. 61-2165 in the above referenced transfer process. We last met on January 16, 2002, to discuss the filing. A couple email messages followed the meeting, culminating in a fax to you on January 31, 2002.

A copy of that fax is enclosed for your convenience. Please confirm the final point of diversion details for the transfer in one of the two following ways:

1. Submit an amended transfer application to replace the original one.
2. Contact me for an appointment to make corrections on the original application.

A \$50 amendment fee and readvertising might be needed depending on final details of the transfer application. I hope we can finally clear this up and continue processing.

Please submit the above requested information within thirty (30) days of the date of this letter. If the information is not timely submitted, the application will be removed from the records of this agency. Thank you for your attention to these matters.

Sincerely,
