Re: City of Caldwell Permit No. 63-31283

Dear Debbie,

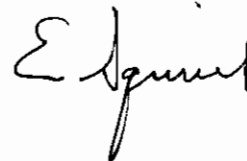

Thank you for your kind letter of June 13, 2007 explaining the mix up with the Proof of Beneficial Use form for Permit No. 63-31283. Specifically, the Proof form submitted by the City was for the incorrect water right even though my cover letter referenced Permit No. 63-31283.

This discrepancy can be explained as follows: My office had two Proof forms signed by the Mayor on the same day. My administrative assistant inadvertently sent the wrong Proof form in under my cover letter. The correct Proof form was placed in our file with the other water right waiting to be sent to the Department with the associated Beneficial Use Field Report. Therefore, the solution is a simple one and I am having the correct Proof form for Permit No. 63-31283 hand-delivered to your offices this morning. This is the same original form that was signed back in April 2006 and which should have been sent to the Department last November. I am also enclosing other correspondence from the City that referenced this submittal and that documents the City's intention to get the Proof form filed on time. We apologize for accidentally submitting the wrong form but the correct form was signed and thought to have been delivered on time.

Thank you again for your understanding and helpfulness with this matter.

Respectfully,

Ed Squires

Dear Debbie:

Under cover of this letter, I submit a signed Proof of Beneficial Use form for water right Permit No. 63-31283 on behalf of my client, the City of Caldwell. As we have discussed, I have already carried out the beneficial use field exam but have been unable to write it up for submittal as of today; the proof-due date. Therefore, I am attaching the \$200.00 processing fee to the proof. I hope to have the field exam written up in the weeks ahead and if IDWR does not get to the field exam before then, I will send you my field licensing recommendations.

Thank you.

Ed Squires

Certified Water Rights Examiner 7-125

Subject: Proof of Beneficial Use Forms for Permits 63- 31283 and 63-31550

Dear Gordon:

Enclosed please find Proof of Beneficial Use submittal forms for Caldwell's #4 and #17 municipal water supply wells. The forms are completed with the sole exception of the Mayor's signature.

Please obtain the signatures at the flagged locations and return the forms to me in the attached stamped and pre-addressed envelope.

I will submit the forms with my licensing exams and I will provide the City with receipted copies for your files.

With my best regards,

Ed Squires

RE: Permit No. 63-31283, in the name of the City of Caldwell

Dear Ed,

Enclosed is the original Proof of Beneficial Use form ("proof") you filed with the Department on November 1, 2006. It was my understanding that the proof was intended to be for permit no. 63-31283, according to your cover letter of the same date. However, upon receipt of the Beneficial Use Field Report and my review of this file, I realized that the proof was not for the referenced permit.

I have enclosed a blank proof form for your use in completing and filing with the Department. Please complete the form and return it to my attention at the above address. I can accept proof without affecting the priority date of this permit, and base reinstatement on Department error. I understand that you will be checking your files for a proof form for 63-31283 and submit it to the department by Friday, June 15, 2007.

However, my concern and the reason for this letter is that this permit lapsed on November 1, 2006 and I will issue a lapse notice to the permit holder if this matter is unresolved by Monday, **June 18, 2007**.

I suggest that the enclosed proof for permit no. 63-31550, should be filed with the Department on or before January 1, 2008.

Thank you for your assistance in this matter. If you have any questions, please contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
