Re: Expedite approval of Transfer

Gentlemen:

Please find enclosed an application of a Transfer for Bill and Susie Millenkamp to replace a point of diversion.

We request an expedited approval of this transfer since it is to replace an existing well.

The old well will be abandoned according to the Idaho Well Drilling Rules and Regulations upon completion of the construction of the new well.

We will file a well construction and abandonment application for a permit as soon as you allow us to drill the new well.

The new well (if allowed to drill prior to the approval of the transfer) would not be used until the water transfer has been approved.

Please contact me if you need further assistance in this

Sincerely Yours

Gary L. Funderburg
