RE: Water right claims- 13-7700 and 13-7701 CORRECTED

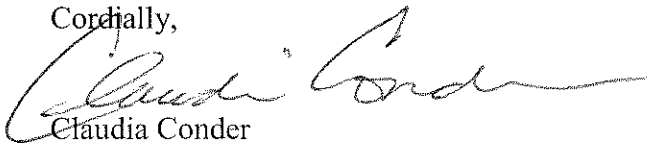

Dear Sharla,

Please find enclosed corrected claims and maps as per your letter dated May 8, 2007. Claim #13-7700- the water source for the irrigation is an unnamed spring. The conveyance for that water is through a drain but the drain is not the source. The source for a portion of the stockwatering is the ditch shown on the map. No additional irrigation water is from the ditch source. With this correction I am presuming that only one application is necessary for this claim.

Claim #13-7701- I have split this into 2 claims as you suggested. I did not number either of the forms but I assume that you will retain this number for one of them.

Please let me know if you need any further explanation after you review them. Also enclosed is a check for \$500.00 for the additional application. I can be reached at (801)220-2252.

Cordially,

Claudia Conder
Water Rights Administrator
