Re: Water Right License No. 63-32039

Dear Mr. Gibson:

The Idaho Department of Water Resources (IDWR) has worked for several years with Mooney Land Company regarding the above referenced water right. The right describes water from Tenmile Creek to irrigate 14 acres near South Cole Road west of the penitentiary. Apparently you own the land covered by this water right, according to Ada County tax lot information. Please see the enclosed attachments for details of the water right and tax lot information.

The licensed water right is presumed to be appurtenant to the land described by the right. You are therefore the water right owner unless the right was legally withheld when you bought the property. Assuming you own the water right, please use the enclosed form to complete an ownership change as required by Idaho law.

Please disregard this letter if my information is outdated or otherwise not accurate.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me 334-2190 if you have any questions. Thank you for your attention to this matter.

Sincerely,

Steve Lester
Water Rights Supervisor
