Re: Beneficial Use Exam-Southern Comfort Subdivision

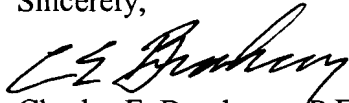

Dear Allen:

The Southern Comfort Homeowners' Association filed an application for a water right permit for municipal use with IDWR on February 14, 2006. Subsequently, they filed the proof of beneficial use form with IDWR on December 7, 2006. Upon filing the proof of beneficial use form, the understanding was that IDWR will perform the beneficial use field report exam. However, Jim Stanton indicated that IDWR would be unable to perform the beneficial use exam for an extended period of time. Mr. Stanton authorized the Southern Comfort HOA to seek a certified water right examiner to perform the beneficial use exam, even though the proof of beneficial use form was previously submitted. The Southern Comfort HOA retained Brockway Engineering, PLLC to perform the beneficial use field exam.

The beneficial use field report for the Southern Comfort Homeowners' Association is included with this letter along with an aerial photo of the property and photographs of the water diversion and delivery system.

If you have any questions, please do not hesitate to contact our office.

Sincerely,

Charles E. Brockway, P.E.

cc: Chuck Williamson, Southern Comfort Homeowners' Association, Inc.
