Mr Warner:

Please listen to every word of this tape:

I talked on phone to a member -
he did nothing to set it up on his
side - It's how they operate
he missed some of the Ball game
but watched it when I called -
that's true cover on the part
of the Board.

Pay attention to the comments about
the L.W.R. at the end and
they did no discovery on
Thigmeter.

After 11-12 yrs, this Board still
has no idea how many homes
are hooked up.

The ELM has no Background -
and

The Ed says now that I have
not got the Protestors to tell
the Bd that I represent them

that's not true - "I'm running
up snakes"?! Paphon J. W.

At the time of this meeting
all the Protesters appointed me
to speak for them & no the
Council is doing their thing
to down that not true -
I credit this (Kingston Comment)
It's not the way they are -
They do not get it!

The part of the tape about the
Valves (they attacked me on tape)
Stavim' take got that corrected
but you see how they operate
Everything is a push off - "well"
you write upon all this - we
Big Bla Bla
They are attempting to wear us
down
- We will not wear down, Right
is right, notice how they cut me
all this & moderate with them.

Please note this - that phone
call was set up as an
Protester Exchange to the
Board -

They go, claim they don't
know what the call was about -

We (The Protesters) have attempted
to meet the I OWR Exec. Board

They did nothing for us -

No answers - NO Nothing -

Please listen to all of the Tape
(Both Sides) It will tell you
what these guys are really about.

Also you have to have good history
to see what is going on -
They have no past and are
not interested - Then they can
me - Listen to the tape - they have
no plan & don't know how to plan.
