RE: Discovery for the formal hearing in the matter of application for amendment for water right No. 75-7052 in the name of Williams Lake Recreational Water and Sewer District.

Idaho Department of Water Resources:

The Bureau of Land Management's issues in this case involve Rights-of-Way IDI-26847 and IDI-29320 granted to the Williams Lake Recreational Water and Sewer District and water permit number 75-7638 in the name of the BLM for the Williams Lake Campground.

The pipeline right-of-way (ROW) grant is for a period of 30 years effective August 5, 1994. The district is exempt from cost recovery and rental fees which is documented in a BLM decision dated June 21, 1994. Stipulation number 19 of the ROW grant states that a single spigot will be installed at the BLM's Williams Lake Recreation Site using supply lines the same as those supplying homesites.

Associated with the pipeline ROW is BLM ROW IDI-26847 originally granted on June 26, 1989 for 20 years for one 45,000 gallon storage tank within a 55 foot x 55 foot area. Cost recovery and rental fees were waived in a decision signed June 2, 1989. The original ROW was amended in 2001 to add a 45,000 storage tank and expand the site to a 160 foot x 100 foot fenced area. A decision to offer the ROW grant and to waive rental fees was issued on October 25, 2001. The ROW was amended and became effective on November 16, 2001.

BLM's water permit number 75-7638 was granted on February 7, 1996 with an extension granted on March 19, 1997. Proof of Beneficial Use was filed on November 26, 1997 and acknowledged by IDWR on February 5, 1998. The priority date for this water permit is December 8, 1995.

The Williams Lake Recreational Water and Sewer District is bound by the above mentioned rights-of-way including the stipulation to deliver water to the BLM's Williams Lake

Campground. Any change to the Williams Lake Recreational Water and Sewer District's water permits that would bring the district into non-compliance with the BLM ROW will be opposed.

If you have any questions please contact Alan Bittner at (208)756-5423 or me at (208) 756-5410.

Sincerely,

DECISION

Williams Lake Water District	:	Right-of-Way
Box 518	:	I-26847
Salmon, Idaho 83467		

COST RECOVERY AND RENTAL
STATUS DETERMINED

On May 24, 1989, the Williams Lake Water and Sewer District submitted documents showing the operating revenues for the District in 1986 and 1987. The sources of revenue for the District are received entirely from taxes paid by the property owners in the District. The District's principal source of revenue at this time is not customer charges. Therefore, under the regulations contained in 43 CFR 2808.1 and 2803.1-2, the Williams Lake Water and Sewer District is exempt from paying administrative costs in processing the right-of-way application and also from paying rental.

Right of appeal to this decision is allowed within the provisions on enclosed form 1842-1.

Issuing Office

Salmon District

Serial Number

I-26847

1 A (right-of-way) ~~XXXXX~~ is hereby granted pursuant to:

- a. ☒ Title V of the Federal Land Policy and Management Act of October 21, 1976 (90 Stat. 2776; 43 U.S.C. 1761);
- b. ☐ Section 28 of the Mineral Leasing Act of 1920, as amended (30 U.S.C. 185);
- c. ☐ Other (describe) _____

2 Nature of Interest:

- a. By this instrument the holder Williams Lake Water District Box 518 Salmon ID 83467 receives a right to construct, operate, maintain, and terminate a 45,000 gallon water storage tank on public lands (or Federal land for MLA Rights-of-Way) described as follows:

T.19N. R.21E. BM

Section 3, N $\frac{1}{2}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$

- b. The right-of-way or permit area granted herein is 55 feet wide, 55 feet long and contains .07 acres, more or less. If a site type facility the facility contains .07 acres.
- c. This instrument shall terminate on June 25, 2019, 30 years from its effective date unless, prior thereto, it is relinquished, abandoned, terminated, or modified pursuant to the terms and conditions of this instrument or of any applicable Federal law or regulation.
- d. This instrument ☒ may ☐ may not be renewed. If renewed, the right-of-way or permit shall be subject to the regulations existing at the time of renewal and any other terms and conditions that the authorized officer deems necessary to protect the public interest.
- e. Notwithstanding the expiration of this instrument or any renewal thereof, early relinquishment, abandonment, or termination, the provisions of this instrument, to the extent applicable, shall continue in effect and shall be binding on the holder, its successors, or assigns, until they have fully satisfied the obligations and/or liabilities accruing herein before or on account of the expiration, or prior termination, of the grant.

3 Rental: N/A--rental exempt governmental entity

For and in consideration of the rights granted, the holder agrees to pay the Bureau of Land Management fair market value rental as determined by the authorized officer unless specifically exempted from such payment by regulation. Provided, however, that the rental may be adjusted by the authorized officer, whenever necessary, to reflect changes in the fair market rental value as determined by the application of sound business management principles, and so far as practicable and feasible, in accordance with comparable commercial practices.

4 Terms and Conditions:

- a. This grant or permit is issued subject to the holder's compliance with all applicable regulations contained in Title 43 Code of Federal Regulations parts 2800 and 2880
- b. Upon grant termination by the authorized officer, all improvements shall be removed from the public lands within 182 days, or otherwise disposed of as provided in paragraph (4)(d) or as directed by the authorized officer.
- c. Each grant issued pursuant to the authority of paragraph (1)(a) for a term of 20 years or more shall, at a minimum, be reviewed by the authorized officer at the end of the 20th year and at regular intervals thereafter not to exceed 10 years. Provided, however, that a right-of-way or permit granted herein may be reviewed at any time deemed necessary by the authorized officer.
- d. The stipulations, plans, maps or designs set forth in Exhibit(s) application, dated May 1, 1989 attached hereto, are incorporated into and made a part of this grant instrument as fully and effectively as if they were set forth herein in their entirety
- e. Failure of the holder to comply with applicable law or any provision of this right-of-way grant or permit shall constitute grounds for suspension or termination thereof
- f. The holder shall perform all operations in a good and workmanlike manner so as to ensure protection of the environment and the health and safety of the public
- g. Access for construction and maintenance will be by overland travel; no road blading or construction is authorized under this grant.
- h. The Holder will not cut any trees on public land.
- i. The Holder will reseed all disturbed areas with Bluebunch Wheatgrass if determined necessary by the BLM Authorized Officer.
- j. The Holder will construct a gate in the allotment fence, utilizing the BLM fencing stipulations attached (Type A or C wire gate, Type I end panels on either side of the gate). The gate will be kept closed at all times.

IN WITNESS WHEREOF, The undersigned agrees to the terms and conditions of this right-of-way grant or permit.

Right-of-Way Grant Offered Fair Market Value Rent Determined

Enclosed are the original and one copy of the amended grant we propose to issue for the above-referenced Right-of-Way use on public land. Please sign both copies and return them to this office. When we receive the executed documents, we will then be able to issue the Right-of-Way. This grant becomes effective on the date it is signed by an authorized officer of the Bureau of Land Management (BLM). A signed copy will be returned to you for your records.

In addition, according to regulations in 43 CFR 2803.1-2(b)(2)(ii), as amended, rent will be waived.

If you have any questions concerning this matter please call Stephanie Snook at (208) 756-5416 or Jay Davis at (208) 756-5434.

Appeal Information

This decision may be appealed to the Interior Board of Land Appeals (IBLA), Office of the Secretary, in accordance with the regulations contained in 43 CFR, Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of showing that the decision appealed from is in error.

If you wish to file a petition (request) pursuant to regulations 43 CFR 4.21 (58 FR 4939, January 19, 1993) or 43 CFR 2804.1 for a stay (suspension) of the effectiveness of this decision during the time that your appeal is being reviewed by the IBLA, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the IBLA and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied,
2. The likelihood of the appellant's success on the merits,
3. The likelihood of immediate and irreparable harm if the stay is not granted, and
4. Whether the public interest favors granting the stay.

Sincerely,

David E. Krosting

DECISION

Williams Lake Water District Board:	:	Pipeline Right-of-Way
P.O. Box 82	:	I-29320
Salmon, Idaho 83467	:	

COST RECOVERY AND RENTAL STATUS DETERMINED

On June 11, 1992 Williams Lake Water District Board filed a Pipeline Right-of-Way application for domestic use. Previously, on May 24, 1989, the Williams Lake Water and Sewer District submitted documents showing the operating revenues for the District in 1986 and 1987. The sources of revenue for the District are received entirely from taxes paid by the property owners in the District. The District's principal source of revenue at this time is not customer charges. Therefore, under the regulations contained in 43 CFR 2808.1 and 2808.1-2, the Williams Lake water and Sewer District is exempt from paying administrative costs in processing the right-of-way application and also from paying rental.

Right of appeal to this decision is allowed within the provisions on enclosed form 1842-1.

STIPULATIONS

IDI-29320 Williams Lake Pipeline Right-of-Way

1. This grant or permit is issued subject to the holder's compliance with all applicable regulations contained in Title 43 Code of Federal Regulations part 2800.
2. Each grant issued for a term of 20 years or more shall, at a minimum, be reviewed by the authorized officer at the end of the 20th year and at regular intervals thereafter not to exceed 10 years. Provided, however, that a right-of-way or permit granted herein may be reviewed at any time deemed necessary by the authorized officer.
3. Failure of the holder to comply with applicable law or any provision of this right-of-way grant or permit shall constitute grounds for suspension or termination thereof.
4. The holder shall perform all operations in a good and workmanlike manner so as to ensure protection of the environment and the health and safety of the public.
5. The holder is prohibited from discharging oil or other pollutants into or upon the navigable waters of the United States, adjoining shorelines, or the waters of the contiguous zone in violation of Section 311 of the Clean Water Act as amended, 33 U.S.C. 1321, and the regulations issued thereunder, or applicable laws of the State of Idaho and regulations issued thereunder. Holder shall give immediate notice of any such discharge to the authorized officer and such other Federal and State officials as are required by law to be given such notice.
6. The holder shall re-contour the disturbed area and obliterate all earthwork by removing embankments, backfilling excavations, and grading to re-establish the approximate original contours of the land in the right-of-way.
7. The holder shall seed all disturbed areas, using an agreed upon method suitable for the location. Seeding shall be repeated if a satisfactory stand is not obtained as determined by the authorizing officer upon evaluation after the first growing season.
8. Except rights-of-way expressly authorizing a road after construction of the facility is completed, the holder shall not use the right-of-way as a road for purposes other than routine maintenance as determined necessary by the authorized officer in consultation with the holder.
9. All electric facilities, equipment, and their installation shall conform to the current National Electrical Safety Code and applicable laws and all regulations.
10. Holder shall remove only the minimum amount of vegetation necessary for the construction of structures and facilities. Topsoil shall be conserved during excavation and reused as cover on disturbed areas to facilitate regrowth of vegetation.
11. All design, material, and construction, operation, maintenance, and termination practices shall be in accordance with safe and proven engineering practices.

12. Fences, gates, and brace panels shall be reconstructed to appropriate Bureau standards and/or specifications as determined by the authorized officer.
13. Construction-related traffic shall be restricted to routes approved by the authorized officer. New access roads or cross-country vehicle travel will not be permitted unless prior written approval is given by the authorized officer. Authorized roads used by the holder shall be rehabilitated or maintained when construction activities are complete as approved by the authorized officer.
14. The holder shall construct, operate, and maintain the facilities, improvements, and structures within this right-of-way in strict conformity with the plan(s) of development which were approved and made part of the grant on date of signature. Any relocation, additional construction, or use that is not in accord with the approved plan(s) of development, shall not be initiated without the prior written approval of the authorized officer. A copy of the complete right-of-way grant, including all stipulations and approved plan(s) of development, shall be made available on the right-of-way area during construction, operation, and termination to the authorized officer. Noncompliance with the above will be grounds for an immediate temporary suspension of activities if it constitutes a threat to public health and safety or the environment.
15. The holder shall contact the authorized officer at least 10 days prior to the anticipated start of construction and/or any surface disturbing activities. The authorized officer may require and schedule a preconstruction conference with the holder prior to the holder's commencing construction and/or surface disturbing activities on the right-of-way. The holder and/or his representative shall attend this conference. The holder's contractor, or agents involved with construction and/or any surface disturbing activities associated with the right-of-way, shall also attend this conference to review the stipulations of the grant including the plan(s) of development.
16. Any cultural and/or paleontological resource (historic or prehistoric site or object) discovered by the holder, or any person working on his behalf, on public or Federal land shall be immediately reported to the authorized officer. Holder shall suspend all operations in the immediate area of such discovery until written authorization to proceed is issued by the authorized officer. An evaluation of the discovery will be made by the authorized officer to determine appropriate actions to prevent the loss of significant cultural or scientific values. The holder will be responsible for the cost of evaluation and any decision as to proper mitigation measures will be made by the authorized officer after consulting with the holder.
17. The holder shall be responsible for weed control on disturbed areas within the limits of the right-of-way. The holder is responsible for consultation with the authorized officer and/or local authorities for acceptable weed control methods (within limits imposed in the grant stipulations).
18. The holder shall trim trees in preference to cutting trees and shall cut trees in preference to bulldozing them as directed by the authorized officer.
19. The holder will provide and install a single spigot to the private/public property boundary at the BLM's Williams Lake Recreation Site and to the USFS property boundary on the north end of the lake. These supply lines will be at a minimum the same size and nature as those supplying the homesites.
