Re: Evaluation Comments

This transfer proposes change the place of use reducing the acreage in each QQ and moving 18 acres to the NENW of section 13.

Authority to File:

Change in ownership. Warrantee deed was supplied. They own all of the acreage described. Contacted Assessors office who said they own all land in application but they could not find SW1/4 of section 12 township 4S range 31E in their database.

Water Right Validity:

This water right was decreed in the SRBA in 2002. Air photos from 2006 show it to be irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA area and in Water District 120. No change in POD is occurring the pods are in the same grid. No analysis is necessary. Water Master has Commented. Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
