RE: Permit No. 02-7113 (William and Victoria Wolfe)

Dear Ms. Walker,

In response to your letter dated March 8, 2007, and in lieu of your discussions with Steven Hannula of ERO Resources, please accept the following solution to allow the licensing of the above listed permit.

It is my understanding that the condition on the above listed permit regarding a flow measuring device has changed over the years, via a June 1, 1981 order, and by changes in technology. Therefore, it seems appropriate to offer that when deemed necessary by the IDWR, I will obtain a certified flow measurement by a professional engineer.

It is my hope that this offer facilitates the licensing of the permit. If you have any questions, please let me know.

Regards,

Billy Wolfe
