Christian:

As usual, things are taking longer than expected due to the ever constant "everything else happening at once." This package remains on top of the stack of "must-do's" and I hope the advertising runs sometime in February. I will be sure to let you know when legal notices will appear.

Steve,

I was looking on the web site for the status of the Roth Construction permit application and the New Union transfer that we worked on last year, but didn't find any information. Could you please give me an update on these applications? In advance, thank you for your help!!

Regards,
Christian
