

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

RECEIVED

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner.

1. Permit No. 75-14265 Telephone No. 208-894-4520
2. Name of Permit Holder(s): BILL OLDHAM
3. Mailing Address: P.O. Box 1427
City SALMON State ID Zip 83467
4. Source of Water: SALMON RIVER If **GROUNDWATER** (well), Date Drilled: mo. _____ / yr. _____
Well Driller: _____ Drilling Permit Number: _____
5. Use(s) (as authorized by the water right permit):
Domestic (No. of households): _____ Stockwater (No. and type of stock): _____
Irrigation (No. of acres): 3 Other: _____
6. Total rate of diversion and/or volume for which proof is submitted: 0.06 cfs OR _____ acre-feet
7. Measuring Device Requirement: **(refer to the approval conditions on your permit and respond accordingly)**
(This question is **not optional**. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)
- Measuring Device: Is a measuring device required? Yes X or No _____
Has the measuring device been installed? Yes X or No _____
8. Fee Enclosed: \$ 50.00 (See Fee Schedule on back of the instructions for filing proof of beneficial use)
9. Person to contact to accompany the Department representative during field examination of the water system.
Name: BILL OLDHAM Telephone Number: 208-894-4520
Address: 131 Redwood Rd., Salmon, ID. 83467
10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and water has been diverted. I agree to relinquish any undeveloped portion of the permit to the State of Idaho.

Signature of permit holder: Bill Oldham Date: _____
(include your title, if on behalf of company or organization)

IRRIGATION PUMP SCREEN INSPECTION AGREEMENT

Between

BILL (WILLIAM A.) OLDHAM

And

IDAHO DEPARTMENT OF FISH AND GAME

This AGREEMENT is made and entered into this 12 day of February ²⁰⁰⁰ ~~2001~~ by and between, BILL (WILLIAM A.) OLDHAM hereinafter referred to as OWNERS, and the Idaho Department of Fish and Game, hereinafter referred to as IDFG, WITNESSETH:

WHEREAS: Idaho Code § 36-906(b) requires a suitable screen be installed and maintained by the owner or operator on any water conduit receiving or taking water from any Idaho stream or river, to prevent fish from entering into said conduit; and

WHEREAS: OWNERS are presently pumping irrigation water from the Salmon River; and

WHEREAS: The existing pumping apparatus is not adequately screened to prevent entry or injury of fish by the conduit; and

WHEREAS: Under Idaho Code §36-906(c) the IDFG has the program responsibility for specifying the type, design, and location of devices for screening fish from pump irrigation diversions within waterways of the state; and

WHEREAS: The National Marine Fisheries Service has designated the Snake River spring, summer, and fall chinook, and sockeye salmon as endangered species, which dictates the protection and enhancement of fish; and

WHEREAS: In order to expedite compliance with Idaho Code and the ESA, IDFG will assist with installation of proper screen protection by entering into a cooperative pump screen inspection agreement with pump diversion OWNERS.

THEREFORE IT IS AGREED;

A. Idaho Department of Fish and Game (IDFG) will:

1. Design, purchase, and install a screen on OWNERS' pump diversion not to exceed one and one-half (1.5) miner's inches of water (0.03cfs) per acre. If deemed necessary, IDFG will purchase and install a foot-valve or suction line on OWNERS' pump diversion. Any additional cost will be borne by the water user.
2. Should technical or biological criteria change requiring replacement and installation of a new pump screen, IDFG will assume responsibility for furnishing and installing replacement.

B. OWNERS will:

1. Cooperate with IDFG in evaluating the existing or proposed pumping system, including making available all pumping equipment technical literature and known data, such as pumping flow operational difficulties such as silting, related to the operation of the pump system diversion.

2. Upon satisfactory installation of pump screening facilities by IDFG, assume screen ownership and all responsibility and costs for operation and maintenance except as otherwise noted herein.
3. Ensure Idaho Code § 36-906(b) is met and guarantee pump screening equipment is in place and operating properly whenever the pump is in operation.

C. INDEMNITY:

The OWNERS shall indemnify and hold harmless IDFG and its representatives against and from any and all demands, claims, or liabilities of every nature arising directly or indirectly from or in any way connected with the execution of the provisions authorized under this agreement.

D. APPROPRIATION BY LEGISLATURE REQUIRED:

It is understood and agreed that IDFG is a government entity, and this agreement shall in no way or manner be construed so as to bind or obligate the state of Idaho to expend funds beyond that available in a specific appropriation of funds by the state legislature as may exist from time to time.

AGREEMENT:

For and in consideration of the IDFG designing, furnishing, and installing screening equipment on OWNERS' diversion pump system, OWNERS do hereby agree to allow authorized IDFG agents permission to inspect pump screen when permission has been obtained. Permission to inspect pump screen will be based on contact with the owner a half day prior to inspection. Said inspection agreement is located in Lemhi County upon lands of the OWNERS or OWNERS' having the following description 18N 21E 22 02 SW 1/4 (NW 1/4 SW 1/4) Sec 22, Twp 18N, R9E 21E, B.M.

IN WITNESS WHEREOF, the parties have hereunto executed their signatures below.

Boise, Idaho 83720-0098

Re: Proof of Beneficial Use Permit # 75-14265

Dear Mr. Keen:

As requested by your letter dated 01/31/2007, I am enclosing a check for \$50.00, with my completed form **Proof of Beneficial Use** as required by the IDWR.

To substantiate my **Proof of Beneficial Use**, please find enclosed the following documents for you review:

- 1.) Pictures (4) of the "measuring device" installed;
- 2.) Mid America Meter, Inc., Invoice # 07-140, for a Hersey Meter;
- 3.) Picture of Mike Cooper with Idaho Fish & Game Screen Shop; and
- 4.) Idaho Department of Fish & Game Irrigation Pump Screen Inspection Agreement.

I hope this meets the requirements of Idaho Department of Water Resources to obtain a water right license.

Sincerely,

Bill Oldham
