RE: Contested Case for Amendments of Permits 75-7052 and 75-7589  
Request for Finding of Contempt  
Request for Final Decision in Favor of Protesters in Light of Finding of Contempt

Dear Mr. Merritt,

In your letter of January 18<sup>th</sup>, addressed to all of the parties in the above referenced case, you clearly delineated dates and rules for discovery. These delineated dates and rules were orders of this tribunal. Your February 13<sup>th</sup> response to my email, also sent to all parties, stated clearly that discovery requests already submitted did not need to be resubmitted.

As of the present date, the Williams Lake Recreational Water and Sewer District Board (the "District Board") has failed to provide the required responses to our requests for discovery and to our interrogatories as required by your letters of January 18, 2007 and February 13, 2007.

As the District Board has failed to respond to the requests for discovery and to the interrogatories, we are asking that you find the District Board in contempt.

As a result of this flagrant disregard of your orders and of the protesters rights to information from the District Board, and given the earlier postponements of the hearing in this matter, again due to the failure of the District Board to comply with tribunal requirements, it is our respectful submission that a further postponement of this hearing would not remedy the contempt nor would it be fair to the protesters who have waited a very considerable time for a resolution to this matter.

The relief we seek, as a consequence of the contempt of the District Board, is an immediate decision in favor of the protesters that includes the dismissal with prejudice of all municipal applications filed by the District Board.

Thank you for your consideration. We will look forward to your reply.

*Kathleen Gliksman*

Hi everyone,

The attached letter is ready to go to Mr. Merritt at IDWR. The fastest way to reach all of you for approval is by email. If you agree with this letter and wish me to add your name under email approval, please reply to this email (not a new one) so that the title of the attachment is on your response. I will then add your name to the letter under email approval and attach each person's reply email to the letter when I send it overnight to Mr. Merritt tomorrow afternoon.

I believe time is of the essence here and want to strike this blow before the district actually makes a move - not that they have so far.

I do hope that IDWR will accept this idea as a way out of a stinky situation. The District has tied up all of us as well as IDWR for the last year and a half without producing any information to defend their position. I guess they actually believe what they have said at the meetings that all they have to do is submit their want list and IDWR will "rubber stamp" it.

I do not have an email address for Steinbruegge so if any of you do, please forward this to them.

When I get this off to Mr. Merritt, I will send a cetified hard copy of what I sent to him to each of you and the other interested parties.

My best to you all . . .

Kathy Gliksman

As an official protester to the change of water right status being sought by the Williams Lake Water and Sewer District Board, I approve of the attached letter to Mr. Merritt and would like my name added to indicate my endorsement.

Thank you.  
Leslie May Shumate

Dear Kathy, we approve of the letter to Mr. Merritt at IDWR. Thank you for trying to clear some of the smoke out of these endless meetings where the board and the IDWR refuses to confront the real issue, which is the 1993 agreement. Sincerely, Gary Hawkins  
Linda Hawkins

I agree with the comments as I have e-mailed Mr. Slavin with a copy to Sharla Cox, that I had not received any information from my original request.

I did not receive any response.

Thanks

Gary M. Mulkey
