RE: LAPSED PERMIT NO. 57-11600

Dear Permit Holder:

The department is in receipt of the proof of beneficial use statement and the license examination fee you submitted to the department on July 5, 2005, in connection with the above referenced lapsed permit.

Since the proof was received after the 60-day lapse period, the permit can only be reinstated if you submit the following information for department consideration:

- < **Two (2) pieces of evidence** to show that beneficial use of the water did commence and to show the extent of the use of water during the authorized permit period, i.e. from the time the permit was issued until the proof due date (December 20, 2001 to January 1, 2004); and
- < A written explanation why this proof was filed late.

In order to provide the Department the necessary documented evidence, you may submit drilling records, receipts from equipment purchased and/or installed, or other documentation evidencing the use of the system during the authorized development period.

The department will hold the proof of beneficial use for **30 days** to provide you the opportunity to submit the required information. Please be aware that this permit is **lapsed** and is of no force nor effect unless it is reinstated.

Ms. Velvick
