Re: Notice of Change in Water Right Ownership—Water Right No. 63-15615
Our File: 2515-29

To Whom It May Concern:

Enclosed please find a Notice of Change in Water Right Ownership ("the Notice") for Water Right No. 63-15615. Please note that I have included a copy of the Notice to be stamped as received by your office and returned to me in the enclosed self-addressed, stamped envelope. In accordance with your instructions, because the Snake River Basin Adjudication court has issued a partial decree for the water right, a fee of \$25 is included with the Notice. ✓DB

Your records currently show Kaye and Robert L. Booth as owners of Water Right No. 63-15615. Our client, Mr. James F. Griffin, now owns the property to which this water right is appurtenant. I have attached copies of recorded deeds showing the chain of title of Mr. Griffin's property. As these deeds illustrate, the property was transferred with "appurtenances" from the Booths to various other parties and finally to Mr. Griffin. I believe these deeds suffice to prove Mr. Griffin's ownership of the property and the water right in question.

In addition to processing the Notice of Change in Water Right Ownership, we request that IDWR correct a typographical error in this water right's conditions of approval. The Ada County Assessor's record for Mr. Griffin's property, a copy of which is attached, shows the parcel number as S0633120683. The water right's conditions of approval, however, note the parcel number as S0633120682.¹ This error recently caused some confusion regarding this water right and, by correcting it now, we hope to avoid such confusion in the future. We therefore request that IDWR update the conditions of approval to reflect the correct parcel number ending in "3."

¹ The Ada County Assessor has no record of a similarly enumerated parcel ending in "2."
