The Department issued permit nos. 65-13852 and 65-13855 in the name of the State of Idaho, Department of Lands ("permit holder") with the condition that proof of construction of works and application of water to beneficial use ("proof") be submitted to the Department on or before July 1, 2004.

The Department notified the permit holder on April 30, 2004, that proof of beneficial use was due and instructed the permit holder of the steps to be taken to submit proof or a request for extension of time ("extension request").

On July 1, 2004, the permits lapsed since the Department had not received an acceptable proof of beneficial use statement or extension of time from the permit holder.

On July 9, 2004, the permit holder filed request for extension of time for the referenced permits.

On September 3, 2004, the permit holder substituted proof of beneficial use in place of the requests for extension of time.

Section 42-218a, *Idaho Code*, provides that the Department may reinstate a permit upon a showing of reasonable cause by the permit holder within sixty days of the date of lapsing.

The permit holder has provided a reasonable showing why the permits should be reinstated, by submitting an acceptable proof of beneficial use. The permit shall be reinstated based upon the July 9, 2004 filing date.
