Re: Substitution of Proofs of Beneficial Use for Requests for Extension of Time
previously filed with IDWR

Rebecca Beavers with the Idaho Department of Lands ("Lands") contacted me regarding two Requests for Extension of Time ("requests") she filed with IDWR on July 9, 2004, for the above referenced permits. Rebecca explained to me that she had filed the requests with IDWR in order to timely respond to the proof deadline. When she contacted me, she had received confirmation from her staff that the development of the water rights were complete and that filing proof of beneficial use was appropriate. She asked if I would substitute the proofs for the requests.

I agreed to allow her to submit the proofs, because I had not issued a formal response to the requests. I agreed to return the extension requests upon receipt of the proofs. The proofs were filed with the Department on September 3, 2004.
