PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 29-13737

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form and examination fee submitted for the above referenced permit. Enclosed is an order reinstating the referenced permit and advancing its priority since proof was submitted after the proof due date. I am enclosing copies of the proof you filed. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

According to the Proof of Beneficial Use, we verified the total rate of diversion on the permit is 0.04 cfs. When the field examination takes place; they will confirm the rate of diversion.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions concerning the field examination, please contact the Eastern Regional Office of the department in Idaho Falls, Idaho 208-525-7161.

Sincerely,

Brian Cox
