Describe the reason for the proposed changes

The original boundary between this farm and the one to the west was based on an old road that skirted Hazelton Butte. Small portions of each farm were traded in 2004 to square up both farms for more efficient use of sprinklers. This transfer moves 4 acres worth of water from the Star Falls Ag farm to this farm, and also adds 15 acres to the decreed place of use on this farm. Star Falls Ag filed T72746 to move all of their water rights to their present farm. Under the land swap, each owner retained all of their water rights. Corrected application removes Glen Trail Trust as applicant, as this trust has been dissolved; assets are now owned by remaining applicant.

4. FOR CHANGES IN NATURE OF USE ONLY

A. Describe the expected quantity of the return flows and location of discharge after the proposed change

B. Describe the effects on other water uses resulting from the proposed change

5. Total Amounts Transferred
