Conditions of Approval:

1. 26A Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which permit holder had no control.
2. 004 The issuance of this right does not grant any right-of-way or easement across the land of another.
3. 046 Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
4. 01M After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
5. 020 Use of water under this right may be affected by an agreement between the protestant and the right holder.
6. Evaporative losses under this right shall be mitigated by the reduction of irrigation under Rights 37-7282B and 37-7333B as approved in Transfer No. 69650. All water diverted under Rights 37-7282B, 37-7333B and 37-20628 shall be maintained on the property for the beneficial uses associated with these rights and/or allowed to recharge back to ground water and shall not be allowed to leave the property as runoff.
7. Uses of water described in this right are for a waterfowl habitat project..
