RE: Change in Ownership for Water Rights 31-11, 31-12, 31-302A & 31-304

Dear Interested Parties:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

 X **Evidence of Water Right Ownership:** copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question including **Legal Description of Property**

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the above referenced water rights. I described the discrepancies in a telephone conversation with Bill Forsberg and followed up that conversation with an e-mail. I have enclosed a copy of the e-mail for your reference.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information for an additional **60 days**. If you are not the owner of the lands described in the e-mail the water rights can be split to separate those portions of land from the lands that you do own. The filing fee to split a water right is \$100 per water right.

If you have any questions regarding this matter, please call me at 208-287-4952.

Sincerely,

Kari Lynn Townsend
Secretary
