RE: Water Right Nos. 31-12B, 31-13B, 31-15, 31-302B, 31-7648, and 31-10739
Change in Ownership

Dear Water Right Owner:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership for the water rights referenced above. Our review of your notice indicates that additional information is required before we can process the changes. The information required is indicated below:

 X Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights for 31-13B and 31-15

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right(s) indicated. Water right 31-13B needs proof of ownership for the NENE of Section 32, T12N, R37E. Water right 31-15 needs proof of ownership for the NWNE of Section 22 and NWNW and SWNW of Section 28, T12N, R37E. Please provide evidence of ownership for the described places of use.

If you are unable to provide proof of ownership, the water rights may need to be split. A filing fee of \$100 per water right applies to ownership changes resulting in a split of the water right. Since you have already paid \$25 for each water right, the balance would be \$75 per water right, or a total of \$150 for the two water rights noted.

Because the Department cannot process the ownership change without proper Documentation and fees, we will hold any action on your notice pending receipt of the necessary items.

Please feel free to contact this office if you have any questions.

Sincerely,

Jeff Peppersack, Manager
Water Right Permits Section
