Upon review of the Warranty Deed and Notice of Change in Water Right Ownership, I contacted one of the son's of Ross & Louise Clement who informed me that Ross & Louise had passed a way. I told the son that I could not put the water right into the Gale & Ellen C Clement Family LTD Partnership without the proper documentation he said that he understood and was working on getting a Personal Representatives Deed or Quitclaim Deed Transferring the Ownership from Lyle T Taylor, Gayle W & T Ross Clement into the Family LTD Partnership I told him I would but this on a six month call up.
