DEPARTMENT OF
WATER RESOURCES

Jeff – They tried to do this several years ago, but never submitted proper documentation. The fee was paid to Northern Region at that time, and Mrs. Lanting said that the fee was never refunded. She is the daughter of the people who bought the land in 1947, and her and her 4 children now own it. This COO is related to the new adjudication in Northern, so I presume that we want to get it processed. The documents she just submitted appear to be in order. Thanks.
