RE: Application for Permit – IDAHO HOLDING LLC

Dear Applicant(s):

The Department of Water Resources has received your water right application. Preliminary review of the application indicates that it is incomplete and cannot be accepted for processing. We are returning your application to allow you to complete the necessary items. The required information is described below.

The Ownership of point of diversion was not provided correctly. The ownership of the points of diversion belongs to someone else besides the applicant, either an ownership agreement or a trespass agreement must be submitted.

The Ownership of place of use was not provided correctly. The place of use on the tax lots, show Idaho Holdings, but the original SRBA recommendation show a different owner. Idaho Holdings will need to fill out a "Change of Ownership" form and submit it with a copy of a warranty deed, no fees are needed until the partial decree is issued.

On line item #4, you need to list "Diversion to Storage" with a cfs amount and then you need to list "Wildlife Storage" with an AF amount.

Please feel free to contact this office if you have any questions.

Sincerely,

Sharla Cox
Water Resource Administrative Assistant
