RE: Mr. Jack Post's Water Right Transfer (02-10224)

Dear Mr. Nelson,

In response to your telephone call on February 12, 2007, you were correct when you observed that the new place of use should have included the NW of Section 1 of T5S, R6E. I had mis-located the government lots to be in the NE of that section on the application for transfer. Thank you for catching that error.

Attached, please find a new Page 1 Part 1 and Page 2 of Part 2 of the Application for Transfer showing the correct location and a minor adjustment to the diversion rate.

I included a revised map and a government lot map of the section for your convenience.

Thank you again, and please call if you have other questions.

Regards,
