RE: Hold status of Basin 02 transfers.

I discussed the petition letters received from Mr. Wolfe
and Mr. Post concerning the "hold" on their transfer applications.
The 02 SRBA director reports will be submitted at the
conclusion of 2005 followed by a 120 day objection
period. Our office could look at possibly advertising the
transfers so the protest deadline and Objection deadline
coincide. It still would be advisable the applicants
rent water for the 2004 season. Mr. Hannula agreed,
and will start the rental application process ASAP for
the next season. - Cynthia Clark.
