Re: Application for Amendment of Permit No. 57-11610

Dear Mr. Robison:

Thank you for your recent reply in the above referenced matter. The amendment will be advertised in the legal notices of the Owyhee County newspaper during the last two weeks of this month. The protest period will expire on March 10, 2003.

The assignment of a minor amount of domestic water was also included in your recent mailing. The assignment has been processed and is reflected in the enclosed document. Application revisions were approved by your note included in your return of the original filing. But department procedures require your acknowledgement of such revisions on the original application form or on a replacement form instead of by a cover letter or note.

Enclosed is the revised original application that you recently returned. While the legal notice process is occurring, please initial and date your endorsement of the application revisions in the upper left corner of the form.

Please return the endorsed application to me within thirty (30) days of the date of this letter. If the information is not timely submitted, the application will be removed from the records of this agency. Thank you for your attention to these matters, and please call me at 208-334-2190 if you have any questions or concerns.

Sincerely,

Steve Lester
Water Rights Supervisor
