RE: WATER RIGHT NO. 95-08900

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as described in the enclosed information sheet.

Also, please note that water right owners are required to report any change of water right ownership and/or change of mailing address to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department or visit the department's homepage on the Internet to obtain the proper reporting form.

If you have any questions, please call me at 208-327-7946.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

Secretary

MICROFILMED
AUG 27 1999

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

MICROFILMED
AUG 27 1993

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: WATER RIGHT 95-08900

Dear Sir or Madam::

I am writing to you about Water Right Permit 95-08900, which was originally issued to Grady Young.. The permit is being reviewed for licensing. Before a water right license can be issued, however, the permit must be amended to depict the water right as it has actually been developed. I have sent an Application for Amendment form to Mr. Young, but the postoffice has returned the mail as undeliverable. Because the Kootenai County assessor indicated that you may now own the property on which the water development occurred, I am writing to give you the opportunity to complete the process necessary to obtain a water right license.

The enclosed Application for Amendment contains information that will be included on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, sign the form and return it with the \$50.00 filing fee as soon as possible.

Because water appropriation permits are considered personal property, in order for the department to issue the water right license in your name Mr. Young must assign the permit to you. I have enclosed an Assignment of Permit form to help you obtain the required information and signatures. The fee for filing an assignment is \$25.00.

If you do not obtain an assignment from Mr. Young, the department may still issue a license if you submit the Application for Amendment and fee. The license will be issued in Mr. Young's name. However, once the license is issued, the water right becomes appurtenant to the land regardless of the name listed on the document.

If you have any questions about this information, please contact me at (208) 327-7946 in Boise.

Sincerely,

A handwritten signature in cursive script that reads 'Shelley Walter Keen'.

RE: WATER RIGHT 95-08900

Dear Sir or Madam::

I am writing to you about Water Right Permit 95-08900, which was originally issued to Grady Young.. The permit is being reviewed for licensing. Before a water right license can be issued, however, the permit must be amended to depict the water right as it has actually been developed. I have sent an Application for Amendment form to Mr. Young, but the postoffice has returned the mail as undeliverable. Because the Kootenai County assessor indicated that you may now own the property on which the water development occurred, I am writing to give you the opportunity to complete the process necessary to obtain a water right license.

The enclosed Application for Amendment contains information that will be included on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, sign the form and return it with the \$50.00 filing fee as soon as possible.

Because water appropriation permits are considered personal property, in order for the department to issue the water right license in your name Mr. Young must assign the permit to you. I have enclosed an Assignment of Permit form to help you obtain the required information and signatures. The fee for filing an assignment is \$25.00.

If you do not obtain an assignment from Mr. Young, the department may still issue a license if you submit the Application for Amendment and fee. The license will be issued in Mr. Young's name. However, once the license is issued, the water right becomes appurtenant to the land regardless of the name listed on the document.

If you have any questions about this information, please contact me at (208) 327-7946 in Boise.

Sincerely,

Shelley Walter Keen
Water Rights Supervisor

RE: General information

The Application for Amendment and cover letter of 5-5-99 were returned by the post office on 5-13-99. The envelope had a yellow post office sticker on it showing a forwarding address of:

General Delivery, Mountain View, CA

I resent the mail to that address and it was returned on 5-24-99 with the notation *Moved — left no address.*

I called the Kootenai Assessors office and they show no listing for Grady Young. They **do** show the following company listed as owner at the 3905 Dodd Rd. address.

RE: WATER RIGHT NO. 95-08900

Dear Permit Holder(s):

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms that a water right has been established in compliance with the terms of the permit. The examiner who verified your water use reported that you developed more points of diversion than were described on your permit. Therefore, before a license can be issued, your permit must be amended to include the additional point(s) of diversion.

The enclosed Application for Amendment form describes the additional point(s) of diversion and other information that will be included on the license when it is issued. In some cases, the reference to multiple points of diversion is contained in the list of conditions of approval and remarks on the last page of the amendment form. Please review the amendment carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

Also, please note that some of the proposed conditions of approval and remarks may be modified upon further administrative review.

If you do not concur, or if you have any questions about this information, please contact me as soon as possible. My telephone number is (208)327-7946.

Sincerely,

ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, Karl J. Dreher, of the Department of Water Resources hereby approve the
above Application for Amendment for Permit No. 95-08900 with the following;

CONDITIONS OF APPROVAL AND REMARKS

1. After specific notification by the department, the right holder shall install a suitable measuring device or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.
2. This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor more than 3.0 afa per acre at the field headgate for irrigation of the lands above.
3. Non-irrigation storage uses are for wildlife enhancement, swimming and fishing.
4. Two points of diversion are located within SESW, S32, T52N, R3W.

Witness my hand this _____ day of _____, 19____.

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-08900

Dear Permit Holder:

The Department is in receipt of the proof of beneficial use statement and the \$100.00 license examination fee filed in connection with the above referenced permit.

Your proof statement indicates you are diverting 1.01 - 2.00 cfs, however, your permit only authorizes a rate of diversion of 0.20 cfs. The license examination fee for 0.20 cfs is \$50.00, therefore, I have initiated the process to refund the excess \$50.00 exam fee submitted with the proof. The refund process takes approximately seven (7) to ten (10) days and will arrive under separate cover.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have any questions concerning the field examination, contact the NORTHERN Regional Office in Coeur d'Alene, at (208) 769-1450.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

PROOF DUE NOTICE

RE: PERMIT NO. 95-08900

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1996.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 95-08900

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "CONDITIONS/REMARKS:" listing on the permit.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed you should complete and submit this form immediately.

Please note that a separate stream channel alteration permit must be obtained from the IDWR prior to any activity in the stream channel other than construction or maintenance of the diversion structure for your water right(s). Applications for stream channel alteration permits must be filed at least sixty days prior to the commencement of work in the stream.

Sincerely,

Shelley W. Keen

SUBJECT: Review of Application for Permit

=====

During the review of this application, I noted the irrigation storage volume exceeded the total recommended annual volume for 10 acres in basin 95.

Per departmental standards, I have corrected the irrigation storage and irrigation from storage volumes as follows:

1. Total annual volume = acres x acre feet/acre
= 10 acres x 3.0 AF/acre
= 30.0 AFA

AFFIDAVIT OF PUBLICATION

APR 17 1995

STATE OF IDAHO, }
County of Kootenai, } ss.

Keri Alexander being first duly sworn
upon oath deposes and says:

1. I am now and at all times hereinafter mentioned was a citizen of the United States, resident of the State of Idaho, over the age of twenty-one years and not a party of the above entitled action.

2. I am now and at all times hereinafter mentioned was the printer (principal clerk) of the "Coeur d'Alene Press," a newspaper printed and published daily except Sunday in Coeur d'Alene, Kootenai County, Idaho, and having a general circulation in said county.

3. The Legal Notice
of which the annexed is a printed copy, was published in the regular Thurs
issue of said newspaper for 2 consecutive weeks
commencing on the 6th day of April, 1995, and
ending on the 13th day of April, 1995, and such
publication was made as often during said period as said daily
newspaper was regularly issued.

4. That said newspaper has been continuously and uninterruptedly published in said Kootenai County, during a period of more than seventy-eight consecutive weeks immediately prior to the first publication of said notice.

Keri Alexander
Subscribed and sworn to before me this 13th day of April
1995

Roberta Stanley
Notary Public for the State of Idaho,
residing at Coeur d'Alene, Idaho.

Re: Water Appropriation Application No. 95-08900

Dear Mr. Young:

The Idaho Department of Water Resources hereby acknowledges receipt of the above referenced Application for Permit to appropriate the Public Waters of the State of Idaho. To assist us in providing you with prompt, accurate service, please refer to the above referenced number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests. Normal processing time is approximately 3 to 4 months, if the application is not protested.

If the application is not protested, it will be forwarded to Boise to be considered for approval by the Director. However, if the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. However all protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If your application is for groundwater and unless you are using a well that was constructed prior to July 1, 1987, it will be necessary for you to apply for a well drilling permit upon approval of the appropriation application. Well drilling permits can be issued by this office only to holders of approved appropriation permits.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

ALLEN BEARDSLEE
Senior Water Resources Agent
