Dear Mr. Kottke:

I have taken the liberty of transferring the information from the claim you filed onto another claim form, since there were several uninitialed changes, and some changes made in pencil. A Claim to a Water Right is your sworn statement, and as such, it must be in ink and all changes initialed.

Please compare the new form I have prepared with the original form which is enclosed, with your Check No. 92-49 in the amount of \$30.00. Change any information that you feel does not reflect the actual use, insuring that all changes are in ink and initialed. Then have the new form notarized and return it to this office with the \$30.00 fee.

I wish to thank you for your patience during the filing of your claim. Any questions or doubts about your water right that we can remove at this time may save you time, money and effort in the future, so if you have any questions, please do not hesitate to contact me at this office.

Sincerely,

TOM D. KING
Senior Water Resource Agent

Dear Sir:

I just want to add a few lines to this report.

Our spring has just enough water for our house use, so in 1974 we had to have more water so we had a well drilled when they got 32 feet we got 1 gallon a minute so we had them go down 200 feet and never found any more water, we do have enough for stock and are just able to water our front yard, there has been many wells drilled on this Mt with no water.

Dear Mr. Kottke:

Since you have been using surface water for one home and four head of stock since 1891, and since you are using ground for the same purpose, it is not necessary for you to file.

If you do wish to file, a separate claim must be filed for each source, since only one priority date can be listed on a claim.

I am also enclosing two new claims and instructions to aid you in completing Item Nos. 3, 4, 5a, 5b and 6b. The claims, if filed, must be signed and notarized.

If you have any questions, please contact me at this office.

Sincerely,
