APPLICATION No. 36466
PERMIT No. 28616
DISTRICT No.

1. Name of Applicant: Earl Martin

Postoffice address: Route 1, Parma

County: Canyon

State: Idaho 8360

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bond to be issued:
- (d) Other resources:

2. Quantity of water claimed: 2.44 cubic feet per second.

3. Source of water supply: Christian Gulch Wasteway which is a tributary of Dixie Drain
Water is seepage and drainage water

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B.M., and is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$

of section 1 , T. 4 N , R. 5W , B. M., County of Canyon

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section of , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 200.00

8. Kind of works: Ditches

9. Height of dam 59" feet; length of dam at top 6' feet; length of dam at bottom 6'
feet; material used in dam:

10. Size of headgate: Width 59" feet; height 50" in front - 48" in back feet.

11. Ditch: Width at bottom 59" feet; width at water line 59" feet; depth of water feet;
dimensions of flume:

Diameter of pipe inches; length of conduit miles.

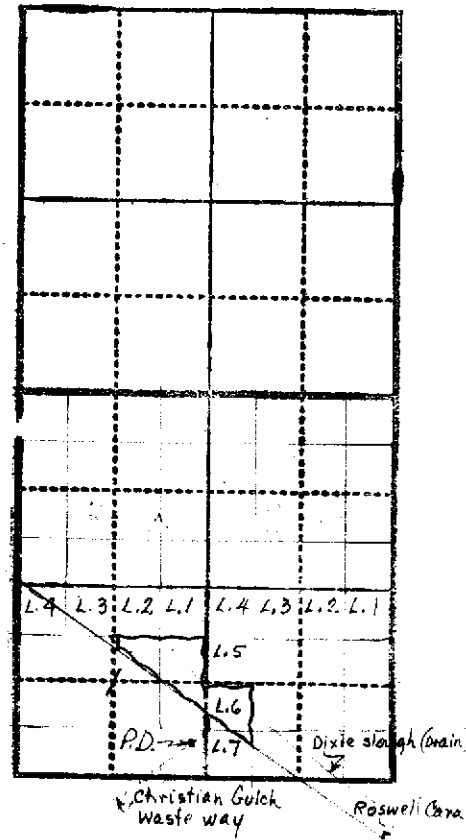

Average grade per mile feet.

12. The time required for the completion of such work is 5 years.

13. The time required for the complete application of the water to the proposed use is one additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None known

License and Certificate of Water Right

Water License No. 28616 Priority July 1, 1960 Amount 2.22 c.f.s.
(late proof)

THIS IS TO CERTIFY that EARL MARTIN

of Parma, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated March 3, 1960; that Permit No. 28616 was issued under said application; that Certificate of Completion of Works, with a carrying capacity of 2.44 second feet, was issued thereunder on March 30, 1965, showing that said works were completed on the 23 day of March, 1965; and that on the 12 day of August, 1966 EARL MARTIN

of Parma, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of a right to the use of the waters of Christian Gulch Wasteway

a tributary of Dixie Drain for the purpose of irrigation, under Use Permit No. 28616 of the Department of Reclamation, and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record ~~XX~~ ~~Volume~~ ~~of Licenses, at Page~~ on the 1 day of March, 1968.

The right hereby confirmed dates from July 1, 1960 (late proof)

The Point of Diversion is located

in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 1, Twp. 4 N, R. 5 W, B.M. Canyon County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2.22 cubic feet per second.

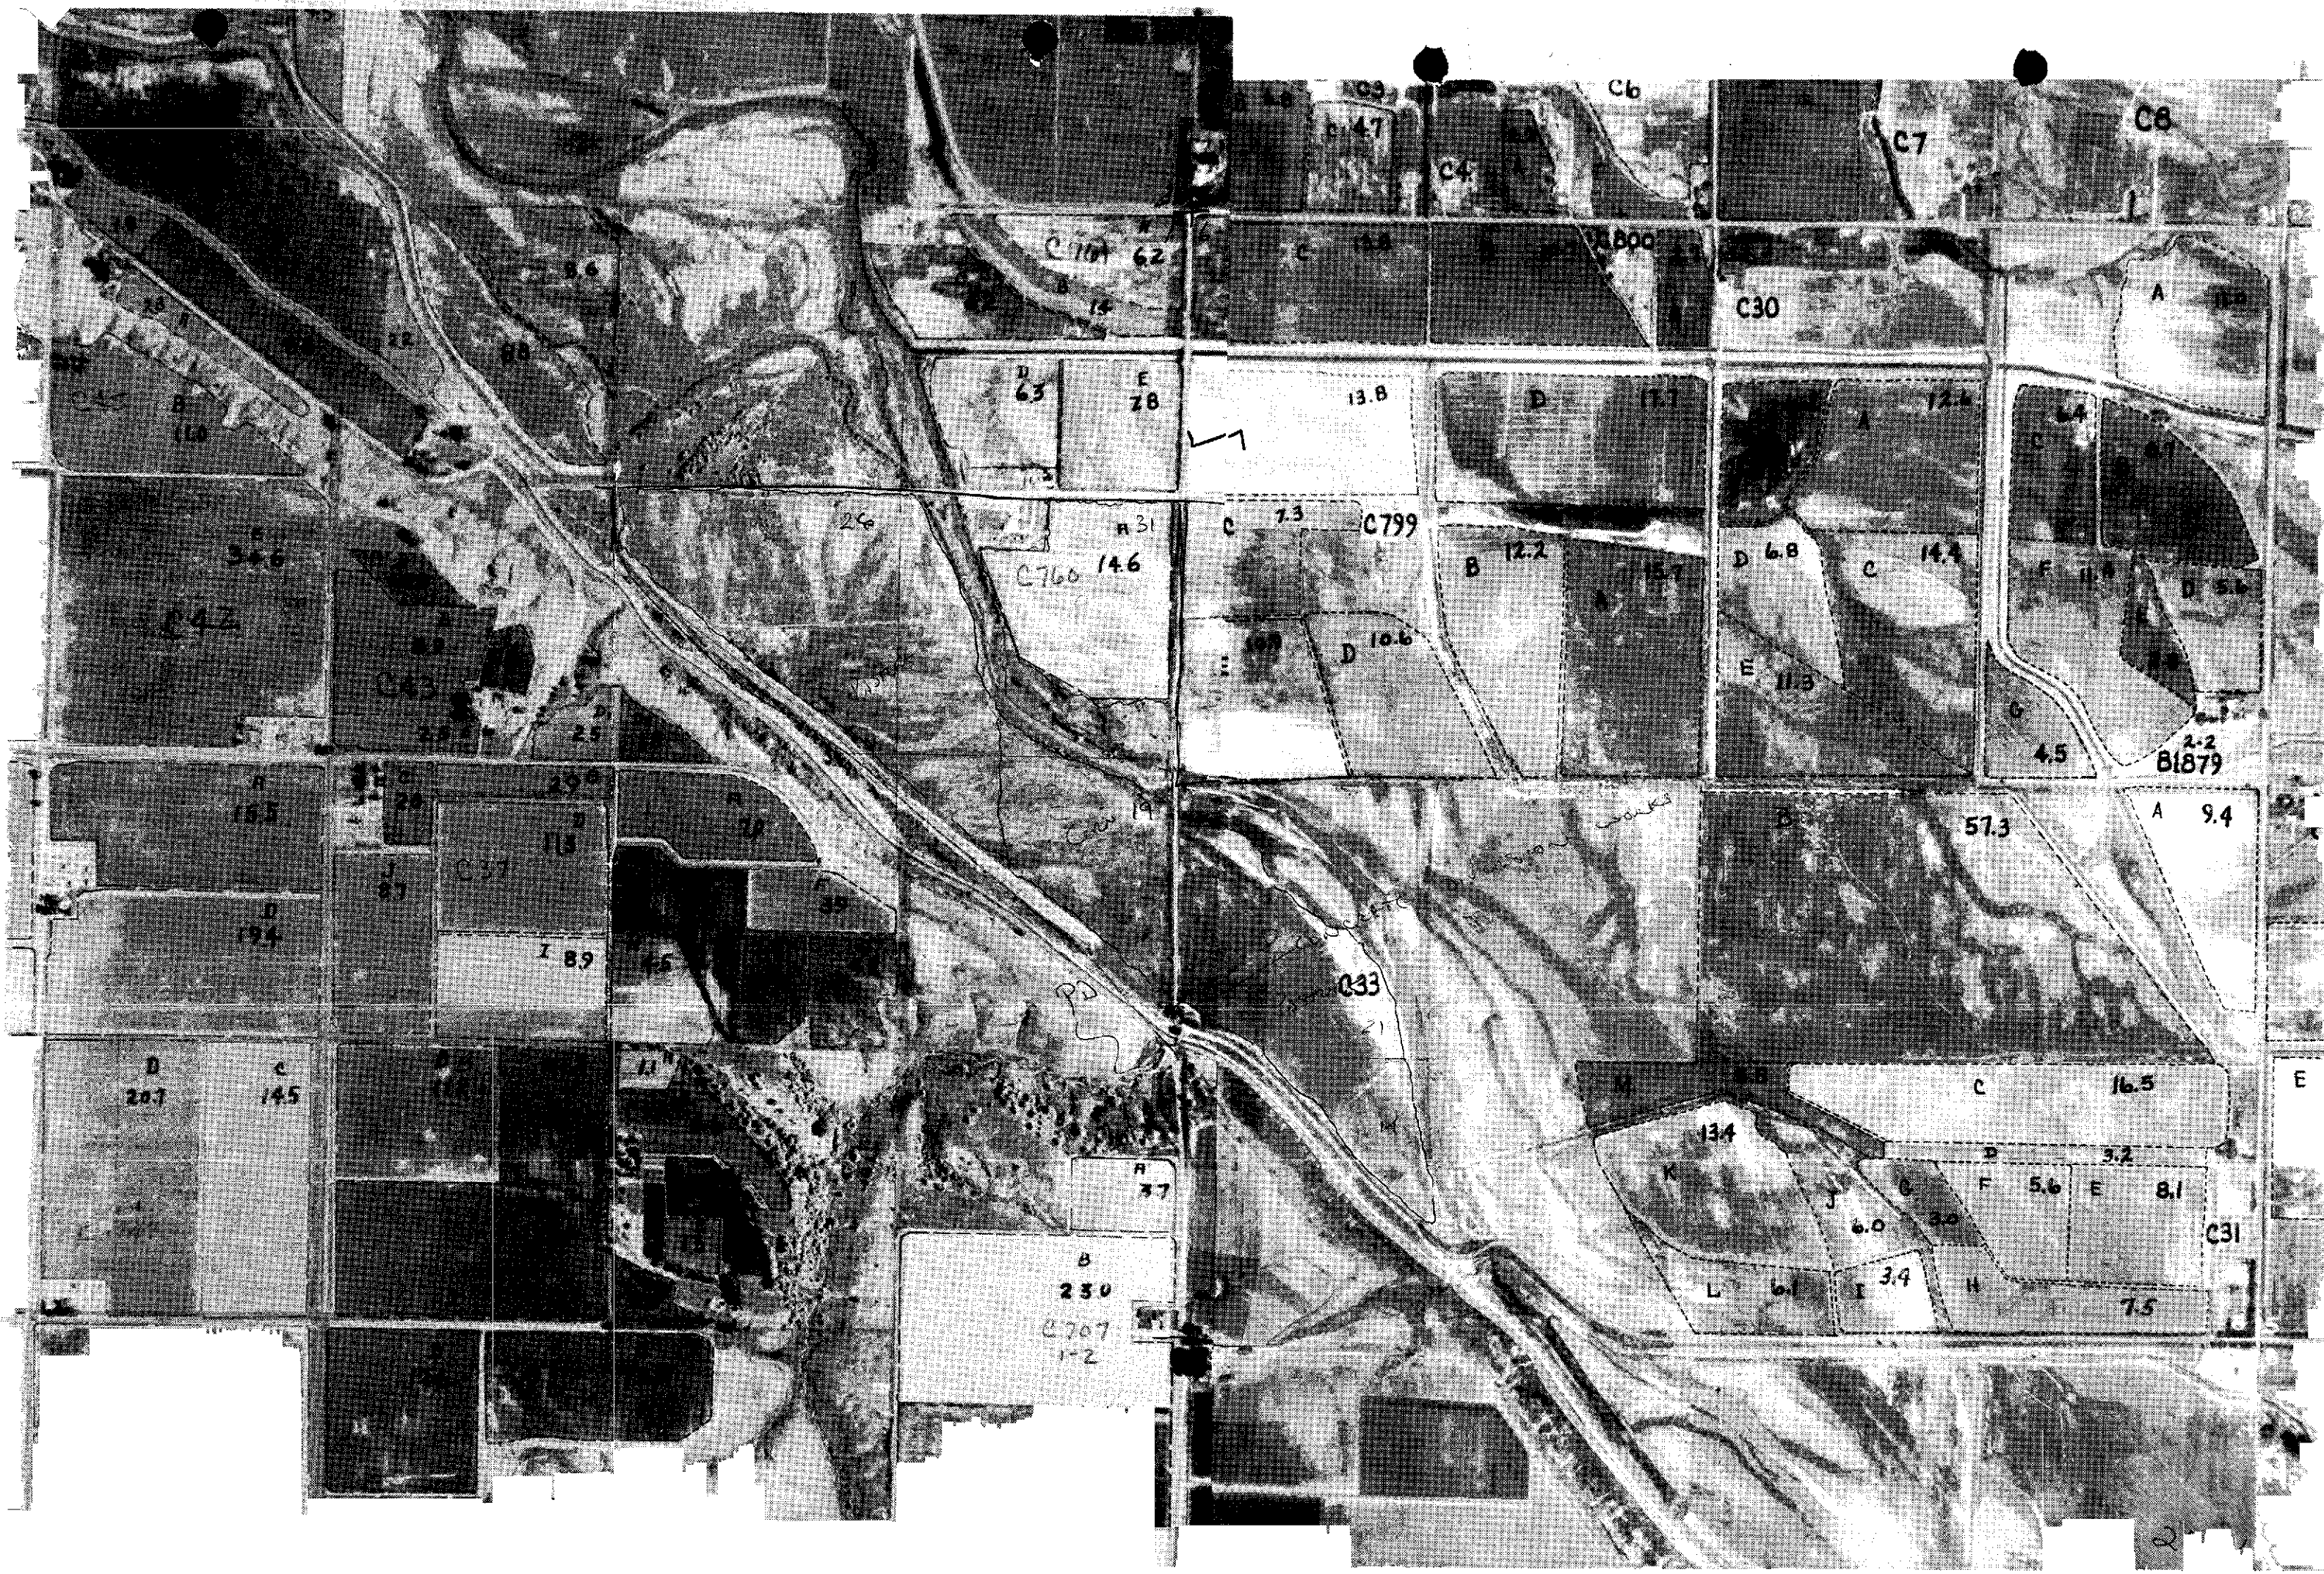

Description and location of use:

Twp.	Range	Section	Forty-Acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
4 N	5 W	1	SW $\frac{1}{4}$ NE $\frac{1}{4}$	23	26
			SE $\frac{1}{4}$ NE $\frac{1}{4}$	40	31
			NE $\frac{1}{4}$ SE $\frac{1}{4}$	17	19
4 N	4 W	6	Lot 6 (NW $\frac{1}{4}$ SW $\frac{1}{4}$)	36	21
			Lot 7 (SW $\frac{1}{4}$ SW $\frac{1}{4}$)	6	14
Total number of acres irrigated:					111

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this 1 day of March, 1968.

R. Keith Higgins
State Reclamation Engineer.

DEPOSITION OF HOLDER

Ques. 1. State your ~~name~~, residence occupation and postoffice address: _____

Earl Martin, Route #1, Parma, Idaho: Farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf:

Ques. 3. State number, approval date of permit, and date of priority: _____
28616 March 30, 1965 March 3, 1960

Ques. 4. State source of water supply: Christian Gulch Wasteway tributary of Dixie
Give location of point of diversion, showing subdivision, section, township and range Drain
SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 1, Township 4 North, Range 5 West of the Boise Meridian,
Canyon County, Idaho

Ques. 5. Describe your works of diversion: Concrete check in the drain ditch;
Concrete diversion boxes;
siphon under canal; ditches _____; state amount of water they are capable of con-

veying from point of diversion to place of use: at least _____; Give name of canal or ditch
2.44 sec. ft.

or other works by which water is conducted to such place of use: Dixie Drain

_____; if a well, state depth of well _____; depth and size of
casing _____; depth to water _____; if pump is used,
state discharge of pump: _____; tell how it was measured or determined _____

_____; if sprinkler irrigation, give number and size
of nozzles and operating pressure: _____

Ques. 6. State for what purpose water is used: irrigation
(If for irrigation, name each subdivision in which used and number of acres in
each subdivision that have actually been irrigated with said water:

Lot 6 (NW $\frac{1}{4}$ SW $\frac{1}{4}$), Lot 7 (SW $\frac{1}{4}$ SW $\frac{1}{4}$), Section 6, Township 4 North, Range 4 West,

SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 1, Township 4 North, Range 5 West Boise
Meridian.

State nature of all improvements which have been made as a direct result of said use:

ditches, concrete checks and siphon

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: _____

Ques. 7. If for other than irrigation purposes, show full legal description of place of use and state purpose for which water is used:

Ques. 8: If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Quest. 9: State when and in what amount the water diverted under above mentioned permit has been first used: 1948 - Time used since first use:

This water has been used on the land continuously since 1948.

Ques. 10. Describe all other water rights appurtenant to same place of use: _____

Sheldon Suiter has a permit for water from the same check for 57 acres.

(sign) ✓ Earl Martin

I hereby certify that the foregoing testimony was read to the above subscribed, before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in

Caldwell, Idaho, County of Canyon

PERMIT NO. 28616

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ray Austin; Age 35; Canyon County, Idaho; Farmer; Route #1,
Parma, Idaho

Ques. 2. Are you acquainted with Earl Martin, the holder of Permit No. 28616? How long have you known him and where does he reside?

Ans. Have known Earl Martin 15 years; Resides at Route #1, Parma, Idaho.

Ques. 3. Have you read or heard read said Permit No. 28616, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Christian Gulch Wasteway, Tributary of Dixie Drain
SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 1, Township 4 North, Range 5 West Boise Meridian.
Works for conveying the water is checked up at a concrete check
siphoned under the canal and diverted through the headgate.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2.44; at least that much

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation at Lot 6 NW $\frac{1}{4}$ SW $\frac{1}{4}$, Lot 7 SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 6, Township 4
North, Range 4 West, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 1, Township 4 North
Range 5 West Boise Meridian. The land is cultivated and the improvements
are ditches, concrete checks and headgates.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied, and to what extent.

Ans. Information to be furnished

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is good land for row cropping and would require at least
2.44 sec. ft. of water.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been familiar with this land for over ten years and
have worked on the ditches with Earl Martin.

(Signed) Ray Lester

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Christian Gulch Wasteway, Tributary of Dixie Drain
SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 1, Township 4 North, Range 5 West Boise Meridian.
Works for conveying the water is checked up at a concrete check
siphoned under the canal and diverted through the headgate.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2.44; at least that much

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation at Lot 6 (NW $\frac{1}{4}$ SW $\frac{1}{4}$), Lot 7 (SW $\frac{1}{4}$ SW $\frac{1}{4}$), Section 6, Township 4
North, Range 4 West, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 1, Township 4 North
Range 5 West Boise Meridian. The land is cultivated and the improvements
are ditches, concrete checks and headgates

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is good land for row-cropping and would require at least
2.44 sec. ft. of water.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been familiar with this land for over ten years and have
worked on the ditches with Earl Martin.

(Signed) Robert L. Curtiss

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Caldwell, County of Canyon, State of Idaho, on this 12th day of August, A. D. 19 66.

Raymond J. Boyer

Notary Public.

Re: Permit No. 28616

Earl Martin
Rt 1
Parma, Idaho

Dear Mr. Martin:

This acknowledges the Notice of ~~Proof of Completion of Works and~~
Application of Water to Beneficial Use under Permit No. 28616.
The proofs are to be made ~~at the place and time specified in the~~, on the 12th
day of August, 19 66, before Peter J. Boyd
1815 Washington, Ave. Notary Public.

As of this date, we have mailed the Notice to the Wilder Herald, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION

Very truly yours,

R. KEITH HIGGINSON

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Re: Permit No. 28616

Date:

Feb. 1, 1966

Earl Martin
Route #1
Parma, Idaho

Dear Mr. Martin:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 28616 is due not later than **April 18, 1966**. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated -- by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

DEPARTMENT OF RECLAMATION

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho

Re: Permit No. 28616

Feb. 1, 1965

Earl Martin
Route #1
Parma, Idaho

Dear Mr. Martin:

Under the terms of your Permit No. 28616 you are required to complete your diversion works on or before April 14, 1965. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

CARL E. TAPPAN

Re: Application No. #36466
Earl Martin

Gigray & Boyd
Attorneys at Law
Caldwell, Idaho

Attn: Peter J. Boyd

Dear Mr. Boyd:

Returned herewith Application No. 36466 with Receipt No. 30014
for fees.

Finally this application is such that we can give it a number. Next,
it is necessary to get it sufficiently clear that it can be approved and given a
permit number.

January 12, 1960 we listed a number of points we wanted cleared. We
received the proper fee and the map shows the Christian Gulch wasteway as source
of supply with point of diversion in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 1. One point in question;
where does the water come from?

We do not have the stream under second part of 3, however we assume
it is Dixie Drain and have so shown. Evidently Dixie Slough has been changed
in recent years to the diagonal line shown on the map. If so, that line should be
named as Dixie Drain or Slough, depending upon which is proper.

The kind of works is shown as "ditches", and nothing under Nos. 9, 10
and 11. No ditch is shown from point of diversion to the land. The section line
through the property appears to be a county road.

The time under 12 has been changed to five years to eliminate need of
requests for extension of time on account of unforeseen difficulties. The proof
can be made at any prior time.

There is no change under 14 so we have penciled in some numbers which
may or may not be a fair estimate of the acreage shown, but it only adds up to
122 acres, which would cut the amount of water to 2.44 cubic feet per second. The
note "that part lying west of Dixie Slough and north of Dixie Slough" does not
agree with the map as Dixie Slough runs in a general north west direction. Land
to the north must necessarily be to the east, if the Slough is the dividing line.
If the Slough has not been changed the map is very much in error.

28616

Page Two - Continued - Gigray & Boyd

You are allowed 60 days from this date in which to return an application which can be approved. We hope it arrives next week.

"Condition of Permit: While Completion of Works Proof can be accepted in order to keep permit in good standing, license cannot be issued until determination is made that the water claimed is public water" must be typed under remarks.

Very truly yours,

GEO. N. CARTER

Dear Mr. Boyd:

Enclosed is the application you submitted for Earl Martin to appropriate water from a drain ditch with the attached check for \$5.00 for proper fee and further information.

The fee for 2.6 c.f.s. is \$5.50, see enclosed Regulations and Instructions.

Complete 3 by showing name of stream to which the drain ditch is tributary, see instructions.

Complete the last 4 blanks under 4. The description attached to the form should be shown on the maps, which is evidently a tract of land on which the diversion will be made.

Complete 9-10-11 questions insofar as they refer to this work.

Show under 14 the acreage in each subdivision, see instructions 9 on page 2. Check description West and North of Dixie's Slough. Note instruction 12 on page 2.

Show on the maps the location of the drain ditch, the point of diversion and at least the main ditch or ditches to the place of use; see instructions under "Maps to Accompany Application" on pages 3 and 4.
