PROOF OF PUBLICATION

County of Ada, }
State of Idaho, } ss.

Marjorie Moon, being first duly sworn, on oath says that she is the principal clerk of THE IDAHO PIONEER STATEWIDE, a newspaper of general circulation, published weekly by Marjorie Moon, editor and contract publisher, at Boise, County of Ada, State of Idaho;

That the annexed notice was published in said newspaper once each and every week for Four consecutive weeks, the first publication being on the 23rd day of October, 1954, and the last publication being on the 13th day of November, 1954;

That the said newspaper has been published continuously and uninterruptedly in said county during a period of more than seventy-eight consecutive weeks prior to the first publication of the attached notice.

Marjorie Moon
Principal Clerk.

Subscribed and sworn to before me this 17th day of November, 1954.

Albert L. Lockett
Notary Public.

(SEAL)

My commission expires May 10, 1956.

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 a. m. on the 20th day of November, 1952, at Boise, County of Ada, State of Idaho, before W. B. Bowler, Notary Public, proof will be submitted of the application to beneficial use of 2.1 cubic feet per second of the waters of seepage and underground flow in accordance with the terms and conditions of Permit No. 20225 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Erl W. Harris, 1215 Longmont Avenue, Boise, Idaho.

The use to which said water has been applied is irrigation and stock-watering.

The amount applied to beneficial use is 2.1 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) S $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15, Twp. 2 N., R. 1 E., B. M., Ada County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed.

The right to take water from such works is based upon Permit No. 20225.

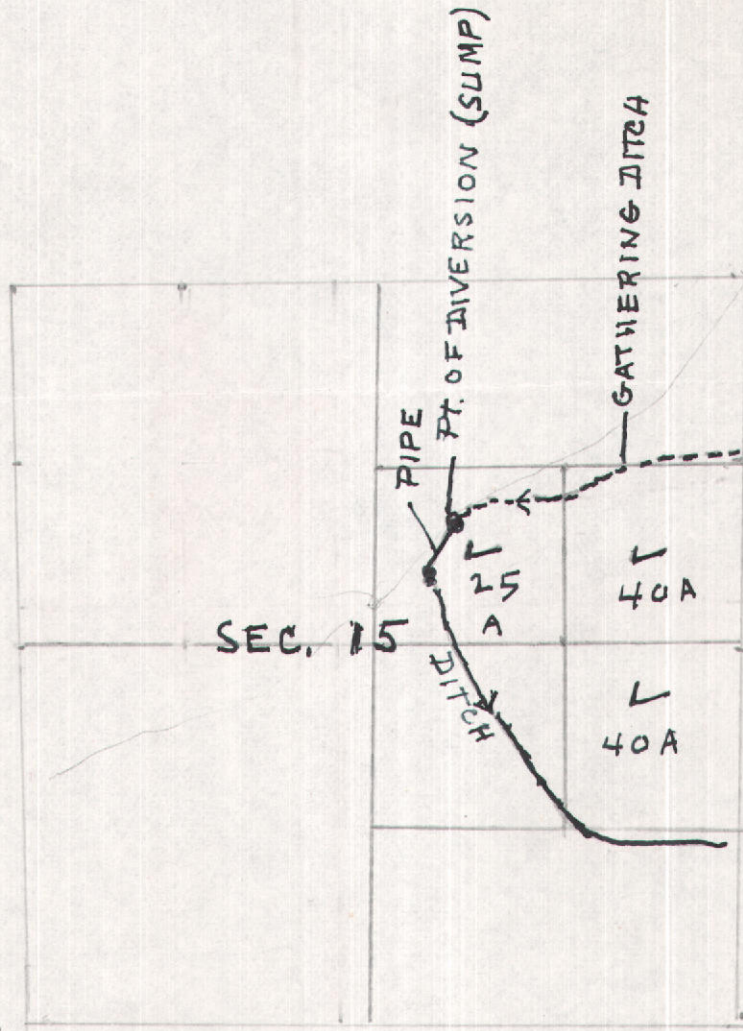

The source of supply from which such water is diverted is seepage and underground waters.

The date of priority which said used is prepared to establish is October 21, 1947.

MARK R. KULP,
State Reclamation Engineer.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

Application No. 27816
Permit No. 20225
District No.

Edwin Snow
Box 515, Boise, Idaho

1. Name of Applicant: ERL W. HARRIS

Postoffice address: C/o Edwin Snow, Box 515, Boise

County: Ada

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 2.1

cubic feet per second.

3. Source of water supply: Seepage and underground waters

which is a tributary of no other stream so far as known

4. Location of point of diversion:

feet distant from the

corner of Section , T. , R. , B.M., and is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$
of Section 15 , T. 2 N., R. 1 E. , B.M., County of Ada

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water:

feet distant from

corner of Section

T. , R. , B.M., in the

of Section

, T.

, R.

, B.M.

(b) Amount of power generated:

H.P., under

feet head.

(c) Water is to be returned to

at a point

feet

distant from the

corner of Section

, T.

, R.

, B.M., in the

of Section

, T.

, R.

, B.M.

7. Estimated cost of works: \$1,500.00

8. Kind of works: Collecting ditch, sump, small pumping plant and distributing lateral

9. Height of dam

feet; length of dam at top

feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width

feet; height

feet;

11. Ditch: Width at bottom 2

feet; width at water line

3

feet; depth of water 0.75

feet;

dimensions of flume:

Diameter of pipe

inches; length of conduit

One

miles.

Average grade per mile

5

feet.

12. The time required for the completion of such work is Three (3)

years.

13. The time required for the complete application of the water to the proposed use is

Two (2)

additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: -

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

ERL W. HARRIS *Applicant.*

By Edwin Snow Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. October 21, 1947

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 20225
Recorded in Book 73 Page 20225 Approved December 3, 1947

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before February 3, 1948 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before June 3, 1949

The whole of said work to be completed on or before December 3, 1950

Beneficial use of water appropriated in accordance herewith, to be made on or before December 3, 1952

Witness my hand this 3rd day of December, 1947

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. ROBINS, Governor of the State of Idaho,

and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 3rd.....

day of December, 1947

STATE OF IDAHO

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20225

This proof is for Beneficial use

In Water District No. _____

1. Name of applicant Erl W. Harris, 1215 Longmont St., Boise, Idaho
2. Source of water supply: Seepage and underground waters from Black's Creek basin
3. Location of point of diversion: Is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 15
T. 2 N. R. 1 E. County of Ada

4. Describe works as they exist, giving dimensions and capacities of same: A ditch approx. 3 to 4' deep has been dug along S. side of New York Canal and continuous to pump sump. Water is seepage fr. N.Y. Canal and from irrigation up Ten Mile Creek. Pump house is wood 6'x6'x6'h. on 2x12 posts across the sump.

Motor is 5 hp Century 220V 24A. 60 cy. 1 phase 1750 RPM. #10AA48629.

Jaeger Pump. 5" inlet 4" outlet. Type VWN #155-174

LIFT = approx. 20' thru 10" pipe 90' long. Culvert pipe.

Ditch to fields is adequate.

5. Water is used for: Irrigation and stock watering
6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15, Twp. 2 North, Range 1 East, B. M.

Red. indicates additional water Mrs. Harris had hoped she was getting.

It is actually flowing from a constructed drain (either drainage or developed water) and flowing today est. at 4 to 5 inches.

Channel of Ten mile Cr. is dry.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Runs up on N. side N.Y. Canal and seeps thru under same.

Remarks:

This examination was made on the 12th day of March, 1953

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 20225

Mr. Erl W. Harris
1215 Longmont Street
Boise, Idaho

Dear Mr. Harris:

Mr. Bowler has filed the depositions of yourself and two witnesses, also affidavit of publication in the Idaho Statewide, submitted in proof of beneficial use under Permit No. 20225.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
NOV 21 1952
Department of Reclamation

Permit No. 20225

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Erl W. Harris, 1215 Longmont Street, Boise, Idaho, retired

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for self

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20225; October 21, 1947

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Seepage and underground waters from the Blacks Creek basin;

SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 15 T 2 N R1E BM Ada County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Collecting ditch to a sump and a pumping plant; 2.1 second feet;

no name to private ditch by which water is conducted to place of use;

1000 gallons per minute by estimate.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and stock watering. SW $\frac{1}{4}$ NE $\frac{1}{4}$ 20 acres; SE $\frac{1}{4}$ NE $\frac{1}{4}$ 40 acres

NE $\frac{1}{4}$ SE $\frac{1}{4}$ 40 acres. Cultivated; fences, farm buildings, ditches, sump,

collecting ditch and pumping plant. All in Sec. 15 T 2N R1E B.M.

Ada County, Idaho.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Stock watering for horses and cows.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Five inches or .1 second foot.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original permittee

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Summer of 1947 water used for irrigation of said property in the amount of 2 second feet.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. In the summer of 1949 diverted a seepage spring by filling the swale NE $\frac{1}{4}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$ thereon to prevent its running on the irrigable land and putting it to a beneficial use as fall as winter stock water from such surface supply. All in Sec. 15 T 2N R 1 E B.M. Ada County, Idaho

(Sign) *Carl W. Harris*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of Ada, State of Idaho, on this 20th day of November, A. D. 1952,

M. B. Bowler

My commission expires October 1, 1953.

Notary Public for Idaho
Residence: Boise, Idaho

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20225

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George W. Whitmore, 35, 2315 Heron St., Boise, Idaho, cattleman

Ques. 2. Are you acquainted with Erl W. Harris, the holder of Permit No. 20225? How long have you known him and where does he reside?

Ans. About 3 years, Boise, Idaho

Ques. 3. Have you read or heard read said Permit No. 20225, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Seepage and underground water during irrigation season, some run off from Blacks Creek early in spring, SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 15, T 2N R1E BM Ada County, Idaho, collecting ditch, sump, pumping plant, and distributing ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 100 inches or 2 second feet; 2 second feet.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 100 inches, estimated from my experience as an irrigator, and have often seen comparable amounts of water flowing in ditches.

20225

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation; SW $\frac{1}{4}$ NE $\frac{1}{4}$ 20 acres more or less, SE $\frac{1}{4}$ NE $\frac{1}{4}$ 40 acres, NE $\frac{1}{4}$ SE $\frac{1}{4}$ 40 acres more or less, in Sec. 15 T 2 N R1E BM. Cultivated, fences, farm buildings, ditches and pumping plant and pump house.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. stockwater for cows and horses

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Farming land; one inch to the acre or two second feet

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since before 1947 I have been running cattle in the neighborhood of where said lands are located, and that I own land adjacent thereto and have repeatedly observed the water running on said land being irrigated.

(Signed)

George E. W. Whitmore

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 20th day of November, A. D. 1952.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20225

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. LeRoy Eshelman, 43, Route 4, Boise, Idaho, farmer

Ques. 2. Are you acquainted with Erl W. Harris, the holder of Permit No. 20225? How long have you known him and where does he reside?

Ans. 10 years, Boise, Idaho

Ques. 3. Have you read or heard read said Permit No. 20225, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Seepage and underground waters from Blacks Creek bottom land, SW 1/4 of Section 15, T. 2N R1E B.M. Ada County, Idaho, collecting ditch, sump, pumping plant, and distributing lateral.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2 second feet; 2 second feet

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 100 inches or 2 second feet by estimate from observation and own experience of as irrigating farmer.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation; SW $\frac{1}{4}$ NE $\frac{1}{4}$ 25 acres, NE $\frac{1}{4}$ SE $\frac{1}{4}$ 35 acres, NE $\frac{1}{4}$ SE $\frac{1}{4}$ 40 acres, in Sec. 15 T 2 N. R1E B.M. Cultivated, fenced, farm buildings, and pumping plant with pump house.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. stockwatering horses and cows

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Farm land; 1 inch to acre or 2 second feet

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since 1947 I have as a neighbor exchanging work in the farming of said lands and living and farming in the vicinity witnessed from time to time the application to beneficial use by irrigation and stock watering the water diverted under said permit.

(Signed) LeRoy Eshelman

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 20th day of November, A. (Date)..... October 17, 1952

(P. O.)..... Boise, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
..... Statewide of Boise, Idaho published in
the county in which the works are situated.

Carl W. Harris

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

20225

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 20th day of November, 1952,
at Boise, County of Ada, State of Idaho, before
W. B. Bowler, Notary Public, proof will be submitted of the
application to beneficial use of 2.1 cubic feet per second of the waters of seepage and
underground flow in accordance with the terms and conditions of Permit No. 20225
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Erl W. Harris
1215 Longmont Avenue, Boise, Idaho

The use to which said water has been applied is irrigation and stockwatering

The amount applied to beneficial use is 2.1 cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)
NE 1/4, NE 1/4 SE 1/4 Section 15, Twp. 2 N R 1 E B.M. Ada County, Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of use is
unnamed

The right to take water from such works is based upon Permit No. 20225

The source of supply from which such water is diverted is seepage and underground waters

The date of priority which said user is prepared to establish is October 21, 1947.

MARK R. KULP

Mr. Erl R. Harris
c/o Mr. Edwin Snow
Box 515, Boise, Idaho

October 1, 1952

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 20225. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than December 3, 1952, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK B. KULP

Re: Permit No. 20225

Mr. Edwin Snow
Box 515
Boise, Idaho

Dear Mr. Snow:

We acknowledge receipt of your letter of September 23, 1950, enclosing Affidavit of Erl W. Harris in Proof of Completion of Works under Permit No. 20225.

Paragraph 3 of this Affidavit describes the point of diversion as in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15, Township 2 North, Range 1 East, B.M., whereas the Permit gives it in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section.

We assume this is a typographical error in the Affidavit, and will be glad to make the necessary correction upon your authorization to do so.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No.

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Ada

ss.

Erl W. Harris, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 20225, and that his postoffice address is Boise
(1215 Longmont Ave.)
State of Idaho

Second: That the name of the stream which said water is to be directed is no stream;
seepage and underground water

Third: That the point of diversion of said water is SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 15, Twp. 2 N.
R. 1, E. B. M., in Ada County, Idaho

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Dec. 3, 19 50.

Fifth: That the use for which said water is intended is irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (~~or were not~~) fully completed and consisted of the following:

I. Kind of works: collecting ditch, sump, pumping plant/and distributing
(Reservoir, dam, ditch, flume, pipe or otherwise) ditch.

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

no dam
(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet. No reservoir

(c) Size of headgate: Width feet, height feet.

(d) Conduit ditch width at bottom 2 feet, width at water line 3
(State whether ditch, flume or pipe)

feet, depth of water 1 foot; diameter of pipe inches, average grade per mile is 5 feet. Length of conduit is 1 miles.

Seventh: That said works are capable of conducting to the place of intended use 2.1
second feet of water.

Eighth: That water appropriated under said permit is available for 120
acres of land described as follows:

SW $\frac{1}{4}$ NE $\frac{1}{4}$; SE $\frac{1}{4}$ NE $\frac{1}{4}$; and NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 15, Twp. 2 N. R. 1, E. B. M.

Re: Application No. 27816

Mr. Edwin Snow
Box 515
Boise, Idaho

Dear Mr. Snow:

In reference to the application of
Erl W. Harris to appropriate underground and
seepage water, with point of diversion in the
SW 1/4 NE 1/4 Section 15, Township 2 North, Range 1
East, B.M.

We are not quite sure from the remarks
in this application whether this should be construed
as public water, or whether it is water within the
New York Irrigation District.

If the latter, it will be necessary to
have the consent of the district before the appli-
cation can be approved.

Please advise us as to this.

Very truly yours,

Re: Application No. 27816

Mr. Edwin Snow
Noc No. 515
Boise, Idaho

Dear Mr. Snow:

In reply to your letter of October 20th, enclosing application of Erl W. Harris, and your check for \$5.25 filing fee.

The application is returned herewith for signature, and we are also returning your check for the following reason:

While the application is for 3 second feet, it can only be approved for the statutory one inch per acre, or 2.1 second feet for the 105 acres to be irrigated; and the correct fee for this amount (or even for the 3 second feet) is \$5.50.

Upon return of the application, and a substitute check for the filing fee, the application will be approved, and permit issued in regular course.

Very truly yours,

MARK W. KULP
State Reclamation Engineer

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 11:00 a. m. on the 20th day of November, 1952, at Boise, County of Ada, State of Idaho, before W. B. Bowler, Notary Public, proof will be submitted of the application to beneficial use of 2.1 cubic feet per second of the waters of seepage and underground flow in accordance with the terms and conditions of Permit No. 20225 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Erl W. Harris, 1215 Longmont Avenue, Boise, Idaho.

The use to which said water has been applied is irrigation and stock-watering.

The amount applied to beneficial use is 2.1 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) S $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15, Twp. 2 N., R. 1 E., B. M., Ada County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed.

The right to take water from such works is based upon Permit No. 20225.

The source of supply from which such water is diverted is seepage and underground waters.

The date of priority which said used is prepared to establish is October 21, 1947.

MARK R. KULP,
State Reclamation Engineer.
