Re: Permit 11250.

Mr. Chris Carlson,
May, Idaho.

Dear Sir:-

Notices for proof of use of water under the above permit received today. Inasmuch as the proof is being made five months and 27 days later than the date specified in the permit, the date of priority will be November 9, 1915, instead of May 13th. This correction has been made and a copy of the notice mailed to the Mackay Miner for the required four weeks publication prior to November 30th, the date set for proof.

Deposition blanks, one for the holder and one each for two witnesses, will be mailed to the notary public in time for proof to be made on the date set.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

In re: Permit: 11250

Chris Carlson
Goldberg, Idaho

Dear sir:

I am returning herewith affidavit of proof of completion of works under the above permit, for the following reasons:

You do not locate the point of diversion under question two within a forty acre tract, which you are required to do.

Under question six, you do not state whether or not the works were or were not completed by June 3rd, 1919. It is necessary that you cross out the phrase that does not appertain.

I am returning money order in the sum of five dollars, which kindly resubmit with corrected proof.

Yours very truly

Dear Sir

The point of diversion is unsurveyed and in order to give the exact 40 acre tract I would have to have it surveyed. I have given the mouth of Mahogaan creek as permanent land mark.

If this is not sufficient I will have to ask for 30 days time in which to have the land surveyed

Yours Respectfully
Chris Carlson

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

March 17, 1919.

Chris Carlson,
Goldburg, Idaho.

Dear Sir:—

Under the terms of your permit No. ~~11250~~-----, you are required to complete your diversion works on or before ~~-----~~ **June 3, 1919**----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN,

State Engineer.
