RE: Assignment of Permit for Water Right 65-22647

To Whom It May Concern:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Because this water right is still in the permit stage, an Assignment of Permit will be required to complete the ownership change. Enclosed is an assignment form for your use. Please note that we will apply the \$25 filing fee you already submitted towards the Assignment of Permit. We are returning the paperwork that you sent as we only require the completed assignment form and filing fee to process the change.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions.

Please feel free to contact the Department if you have any questions.

Sincerely,

For Shelley Keen, Acting Section Manager
Water Right Permit Section
