ORDER GRANTING EXTENSION

In the matter of the Application of the Lake Reservoir Company)
to extend the time for requirements of Permit No. R-413, under)
the Provisions of Section 5570, Idaho Compiled Statutes, as)
amended. _____)

WHEREAS, On September 17, 1932, the Lake Reservoir Company filed in the Department of Reclamation of the State of Idaho an application for extension of time for compliance with each and every act or action required under the terms or provisions of Permit to construct a reservoir and store the public waters of the State of Idaho, No. R-413, under the provisions of Section 5570 of the Idaho Compiled Statutes, for the following reasons, to-wit:

THAT, On or about September 15, 1928, the applicant, the Lake Reservoir Company, filed with the U. S. Department Land Office its application for permit to occupy land now owned by the U. S. Government and occupied by the Forest Reserve Bureau; that said application has not yet been acted upon by approval, rejection or otherwise, and is still pending, and that said application for permit is required and necessary for the right of way and development under said Permit No. R-413.

WHEREFORE, IT IS HEREBY ORDERED, That, by reason of the pendency of the application for right of way and things and matters within the jurisdiction of the United States, over which the applicant has no control, all as hereinbefore set forth, the time for compliance with each and every act or action required under the terms and provisions of said Permit No. R-413 is extended a period of time equal to the time during which the applicant herein is delayed in proceeding with its work and complying with said acts or actions as aforesaid, said extension of time to date from September 15, 1928, being the date of filing of the application for said permit in the U. S. Department land office, and said applicant herein should notify this office of the removal of the disability above set forth within thirty days from the date the same is removed.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of this Department, at Boise, Idaho, this 9th day of December, 1932.

R. W. FARIS
Commissioner of Reclamation.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. R-413

Comes now C. G. FICKEN, Pres. LAKE RESERVOIR CO. and represents to the State Reclamation Engineer of the State of Idaho:

That they are the owners and holders of Permit to appropriate the Public Waters of the State of Idaho No. R-413.

That the point of diversion is described in said permit as being located: NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 31, T. 21 N., R. 4 E., B. M.

That they now request that the point of diversion be changed to a point located NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 36, T. 21 N., R. 3 E., B. M.

That the reason for desiring to make such change is as follows: That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at this 9th day of November, 1959.

Date of receipt at Department of Reclamation November 9, 1959.

s. C. G. Ficken, President

APPROVAL OF THE STATE RECLAMATION ENGINEER

I, Geo. N. Carter, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. R-413. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Mrs. Anderson:

We find on checking the records that the Certificate of Completion of Works and License and Certificate of Water Right lists the point of outlet as Payette County, when it is actually in Valley County.

The permanent records are being changed in this office, and we request that you either mail your certificates into the office for correction or correct it to read Valley County, using this letter as authority.

Dear Mr. Patch:

Your letter of October 4, 1961 has been received in which you inquired about two bonds for \$1,000 each in favor of the State of Idaho, dating back to 1927 and 1933.

There are two bonds in our files which may be the ones mentioned, however they do not show a bond number. They both show the permit number, one is for Permit No. R-413 and the other Permit No. R-527.

Possibly you could give us the date of issuance of the original bonds or some other identification.

Dear Mrs. Anderson:

I told you over the phone you could find the area of the Upper Payette Lake in the proof papers, but when I went to verify it, found it was a little difficult to pick it out of the depositions, because there were so many inaccuracies.

From an authentic source, The Forest Service at McCall, a statement was made that the high water of the area of the Upper Payette Lake at high water level, is 315 acres.

In checking the depositions which I referred you to I find one statement of 2800 acres, *area of the lake.*

RE: Permit No. R-413

Mr. C. G. Ficken, President
Lake Reservoir Company
Box 176
Fruitland, Idaho

Dear Mr. Ficken:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. R-413 shows that the reservoir is capable of storing 2400 acre feet of water for irrigation of 68,500 acres.

Upon receipt of the statutory fee of \$5.00 we will issue the Certificate of Completion of Works and the License and Certificate of Water Right, confirming the right with priority of March 23, 1927, to the use ~~2500~~ ²⁴⁰⁰ acre feet of storage water, with point of diversion in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 21 North, Range 3 East, for irrigation of 68,500 acres lying under and being irrigated by Emmett Irrigation District, Letha Irrigation Company, Enterprise Ditch Company, Farmers Cooperative Irrigation Company, Lower Payette Ditch Company, and ~~Payette Heights~~ ^{Cut} Irrigation District, licensed under companion Permit No. 14689.

Your permit shows the point of diversion to be in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 31, Township 21 North, Range 4 East, Boise Meridian. Please complete the enclosed amendment to the point of diversion and return to this office with the above mentioned fee.

Attention: Annabel Anderson

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. R-413. The proofs are to be made at 2:00 P.M. on the 20th day of July, 1959, before Anna bel Anderson, Notary Public.

As of this date, we have mailed the Notice to the Independent-Enterprise, Payette, Idaho, and to the Cascade News at Cascade, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed Depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the Depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all Depositions (Holder and two Witnesses) are being returned. Also, be sure to enclose the Affidavit of Publication.

Dear Mr. Kulp:

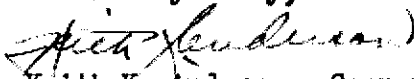

Reference is made to your letter of July 5th concerning complaints as to the release of water from the Upper reservoirs into Payette Lake thereby causing unusual levels above those allowed by the court.

We have just returned from a trip to McCall to get the facts. For your information we have not stored any water in the upper reservoirs this year so the releases has been the natural flow into Payette Lake. We are further enclosing a copy of readings taken from the U. S. G. S. automatic gage installed near the outlet of the lake and above Lardo Dam. These readings may be verified thru that agency. You will note that for a period of about 4 hours on July 4th did the lake level exceed that as set by the court and that in the amount of 1/10th of one inch and this caused by a flash rain which according to the Forest Service, with which we checked, was one of the heaviest rains of record. During a period of approximately 30 minutes the night of July 3rd .59 inches of rainfall was recorded and this would seem to be an "Act of God" and beyond our control. In any event we doubt that the excess should be termed unusual.

With these facts in mind we doubt the advisability of appointing a special deputy as provided under Section 42-801, Idaho Code, however if you wish a conference on the matter kindly advise and we will be more than willing to discuss the matter at your convenience.

We feel that in a charge of this serious nature that we are entitled to the name or names of the complainant's and ask that you forward this information to us.

Mr. McKennie suggested that I write you and tell you what the very high water is doing to us and we doubtlessly to many others too. The beaches are completely submerged - can't even find a strip wide enough to walk along between the steep banks and the water and worst of all the water has eaten under the Point of land below the cabin which we've tried for several years to save. The result is the top soil with the things were planted on is to help hold here

Part of the specifications call for approval of the cutoffs by the Forest Service and the State Reclamation Engineer's office. If possible, we should like to make a joint inspection of the excavation with a representative of your office.

Please advise us at what time you plan to make this inspection and Mr. Nicholls will try to meet your representative either at Boise or McCall.

of Permit No. R-413, under the)
Provisions of Section 5570, Ida-)
ho Compiled Statutes, as amended.)

ORDER GRANTING EXTENSION

WHEREAS, On September 17, 1932, the Lake Reservoir Company filed in the Department of Reclamation of the State of Idaho an application for extension of time for compliance with each and every act or action required under the terms or provisions of Permit to construct a reservoir and store the public waters of the State of Idaho, No. R-413, under the provisions of Section 5570 of the Idaho Compiled Statutes, for the following reasons, to-wit:

THAT, On or about September 15, 1928, the applicant, the Lake Reservoir Company, filed with the U. S. Department Land Office its application for permit to occupy land now owned by the U. S. Government and occupied by the Forest Reserve Bureau; that said application has not yet been acted upon by approval, rejection or otherwise, and is still pending, and that said application for permit is required and necessary for the right of way and development under said Permit No. R-413.

WHEREFORE, IT IS HEREBY ORDERED, That, by reason of the pendency of the application for right of way and things and matters within the jurisdiction of the United States, over which the applicant has no control, all as hereinbefore set forth, the time for compliance with each and every act or action required under the terms and provisions of said Permit No. R-413 is extended a period of time equal to the time during which the applicant herein is delayed in proceeding with its work and complying with said acts or actions as aforesaid, said extension of time to date from September 15, 1928, being the date of filing of the application for said permit in the U. S. Department Land Office, and said applicant herein should notify this office of the removal of the disability above set forth within thirty days from the date the same is removed.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of this Department, at Boise, Idaho, this 9th day of December, 1932.

Mr. George C. Knowles
Emmett, Idaho

Dear Sir:

In checking over the affidavit which was executed for Mr. F. V. Cobb, President of the Lake Reservoir Company, I find that nothing is said of the date when the formal application was made to the United States Government for right of way on said lands.

This date is necessary for an order which we must issue to be recorded under the permit, and we would appreciate your sending it to us as soon as possible since proof of COMPLETION OF WORKS is due on this permit on September 23, 1932.

I, F V Cobb, being first duly sworn depose and say,
I am on this date the duly elected and qualified, President
of the Lake Reservoir Company, a Co Operative Irrigation and
Storage water Corporation, incorporated under the provisions
of the Statutes of the State of Idaho.

I further depose and say that under date of September 23rd
1927, the Commissioner of Reclamation of the State of Idaho
issued storage permit #R413 to the above named corporation
carrying a provision that the proof of final completion of
works must be submitted on or before the 23rd day of September
1932.

See 14-32

I further depose and say that due application was made to
the U S Department Land office, for permit to occupy lands now
owned and belonging to the U S Government and operated by
the Forest Reserve bureau. **on September 15 1928.**

I further depose and say that the above named corporation
has been diligent in doing any and all things required by the
Department of the U S Government, and

I further depose and say, that as yet, permission and permit
have not been granted by the U S Government, to occupy lands
under their control, and for this reason, the above named corpo-
ration has been unable to comply with the requirements of the
department of reclamation of the State of Idaho, under the above
numbered permit. Further deponent saith not.

Dear Sir,

The Lake Reservoir Company, holder of Storage permit #R 413 hereby make application for an extension of time within which to complete their storage works, under said permit, under the provisions of Chapter 135 of the Session Laws of Idaho, 1923, and for the reasons set forth in the attached affidavit.

If you can consistently grant this extension, please do so, and thus avoid our having to file a second time, upon a storage right the completion of which has been delayed by circumstances over which we have no control.

Yours Very Truly,

Lake Reservoir Company.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho

E.C.S. BRAINARD, Sec'y.
Lake Reservoir Company
Payette, Idaho

July 2, 1932

DEAR SIR:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. R-413

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before Sept. 23, 1932. Upon receipt of the blank properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation.

KNOW ALL MEN BY THESE PRESENTS, That Lake Reservoir Company
of Payette, as principal, and United States Fidelity and Guaranty
Company of Maryland ~~xxx~~ a corporation authorized to issue Surety bonds
in the State of Idaho as sureties, are held and firmly bound unto the State of Idaho in
the full and just sum of One Thousand and no/100----- (\$ 1000.00) Dollars,
lawful money of the United States, to the payment of which sum, well and truly to be made, said
principal and sureties bind themselves, their heirs, administrators, executors and assigns, jointly and
severally, under the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the
23rd day of March, 1927, filed in the office of the State Engi-
neer in Boise, Idaho, a certain application for permit to appropriate the public waters of the State
of Idaho, the said application being thereupon numbered No. R 413, in accordance with which
said application the State Engineer granted and issued to the said principal herein a certain permit
numbered No. R 413, a full, true and complete copy of which application No. R 413 and permit
No. R 413, is of record in the office of the State Engineer, in Book R2 of Permits, at page 413

Now, if the above bounden principal shall faithfully carry to completion the said works of diver-
sion as specified in said application No. R 413 and permit No. R 413 in the manner and form
prescribed therein and within the time therein allowed, then the above obligation to be void, other-
wise to remain in full force and effect.

IN WITNESS WHEREOF, The said principal and sureties have hereunto set their hands and
seals, this 6th day of October, 1927
