Re: Permit No. 63-7037

Don L. or Ruth C. Jones
Idaho City Stage
Boise, Idaho 83707

Dear Mr. & Mrs. Jones:

A representative of this Department has made an examination of the works covered by your Permit No. 63-7037 and has found the following:

Quantity of water diverted: 0.02 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.02 cfs

The maximum quantity diverted shall not exceed 2.2 acre feet per year.

Beneficial use: Domestic use (from a spring) and irrigation of 1/4 acre (from Blue Jay Creek) within Lot # 1 of Sec. 32, Twp. 4 N, Rge. 4 E, B.M.

Point of diversion: Lot # 1 of Sec. 32, Twp. 4 N, Rge. 4 E, B.M.

Priority date established: November 21, 1967

In reviewing your permit file, we find some inconsistencies which should have been corrected at the time your application for permit was filed. Since they were not, it will now be necessary to amend the permit so a license can be issued as set forth above. It appears that the Department may have been in error in not having the application corrected at the time it was filed, therefore, the \$10.00 filing fee for the amendment has been waived. If you will please sign and return the enclosed application for amendment, a water license will be issued.

If you do not concur with these findings or have any questions, please contact us as soon as possible.

Sincerely,

BOBBY D. FLEENOR

Dear Mr. & Mrs. Jones:

One of the conditions of approval of your water Permit No. 63-7037 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
