The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- ~~see above~~ are due not later than

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Dear Mr. Nelson:

Your letter of January 3 with applications for amendment to the land list on Permits No. G-28456 and G-29099, relinquishment of Permit No. G-29100, and a check for \$7.00 fees for Permit No. G-29584 has been received.

The check No. 526 we received for fees for Permit No. G-28456 was for \$21.00, and check No. 527 for Permit No. G-29099 was for \$25.00, neither of which covered the additional fee of \$1.00 for each amendment.

The check for \$7.00 you enclosed will be adequate for fees for Permit No. G-29584. The certificates will be prepared next week.

Kindly send us the \$2.00 fee for the two amendments and the amendments will be recorded and the certificates will be prepared.

Dear Mrs. Rule:

Enclosed are two (2) applications for amendment of well permit numbers G-28456 and G-29099. I believe the amendments are in order and should be associated with Cotterel Farms Co. checks mailed to you on November 28, 1961 and acknowledged by your letter to Mr. Wilford Lundberg on November 30, 1961.

Enclosed also is Yale Farms Co. check #553 in amount of \$7.00 to cover the fees in connection with a water license under permit #G-29584. The Board of Directors of Yale Farms Co. decided that they would prefer to receive a license and certificate of completion of works and beneficial use of water for the 30 acres of land now being irrigated from this well and that they would make proofs at a later date when other lands are cultivated and put to beneficial use under this well.

Enclosed is a relinquishment form properly signed by Mr. Lundberg, president of Cotterel Farms Co., to relinquish all right, title and interest in permit #G-29100 since all the water produced from this well is licensed under permit #G-28457.

Yale Farms Co. did not receive the engineers report on the well under permit #G-29596 when the other reports were sent out on November 2, 1961. The Board of Directors has requested that I inquire about a license for this well. Would you kindly check with Mr. Johnson, your field engineer, and advise me of the status of this permit.

Yours very truly,

Newel A. Nelson

Re: Permit No. G-29099

Cotterel Farms Co.
Malta, Idaho

Dear Sir:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-29099 shows the well is (~~now~~) capable of conveying 320 miner's inches, or 6.4 c.f.s. of water for the irrigation of 370 acres.

Upon receipt of the statutory fees, totaling \$ 25.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$ 20.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of October 24, 1960 to the use of 6.4 second feet of subterranean water with the point of diversion in the NW¹/₄ Sec. 32 for domestic use and irrigation of 370 acres in the E¹/₂ Sec. 32; W¹/₂SW¹/₄ Sec. 33, T. 10 S., R. 27 E., B.M.

Since this permit does not include the W¹/₂SW¹/₄ Sec. 33 it will be necessary to amend the land list on the permit if you want the extra land included in the license. Complete the enclosed form, submit it with the above mentioned statutory fees, plus an additional fee of \$1.00 for recording the amendment, to this office and the Certificate of Completion of Works and License and Certificate of Water Right will be issued as shown above.

If you do not want the extra land included, the statutory fees will total \$21.00 and the land list will be restricted to the lands shown on the permit which are actually irrigated.

Very truly yours,

Gentlemen:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the The Herald Bulletin, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Burley, Idaho.

Dear Mr. Smith:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-29099, in the name of Cottarel Farms Co.. Final Proof is to be made before you, as Notary on the 31st day of August, 1961 ~~xxxx~~, at 2:00 o'clock P.M., at 2215 Overland Ave., Idaho.
Burley,

As of this date we have mailed the Notice to the Herald Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

~~INSTRUCTIONS SUBJECT~~

Richard King Smith
Attorney at Law
Professional Bldg.
Burley, Idaho

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- ~~see above~~ are due not later than

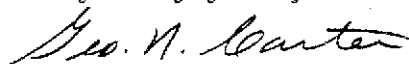

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
