The applicant, Mr. May, indicates on item C(3)(b) that he does not own the land from which the water is being transferred. Therefore, to approve this transfer we need either (1) a copy of the deed ^{by} which Mr. May specifically withheld this water from the sale of the 11 acres, or (2) consent of the transfer by the new owner.

SUBJECT

Mr. May has provided a copy of a deed showing total ownership of Rt. 36-2359. Therefore it is his option to change the place of use provided he meet Idaho Code requirements. While I see your consideration for the new purchaser I don't believe Mr. Mays transfer approval requires proof that he did not include part of the water rt. in the sell of the land. Similarly we do not require confirmation of possessory interest on permits other than a simple explanation.
