Comment: This application is placed on hold because of the Basin 63 administrative hold. This water right application began as 63-12070, with a portion of the irrigation from the original application was removed and processed. Permit 63-31683 was issued 5/2003 for 10 acres of irrigation, because of a mitigation agreement using a portion of water right 63-8796. The mitigation agreement for 63-31683 shows that a portion of license 63-8796 will be abandoned, and that proof of abandonment will be forthcoming prior to diversion of water for 63-31683.
