STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-25378

This proof is for Completion of works & Beneficial Use In Water District No. _____

1. Name of applicant J. W. Patterson, Bridge, Idaho

2. Source of water supply: Subterranean from a well

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 32

T. 14 S. R. 27 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: At time of this inspection there is no pump nor motor for irrigation. Pump. Due to a dispute over the price the pump was surrendered last season. The power poles and transformers and the pump pole is still there by the well. There is a crop of alfalfa growing on the 40 nearest the well and it is the intent to farm the other yet this season. It has been farmed last yr.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 32, Twp. 14 South, Range 27 East, B. M.

See map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Mr. Patterson could have made inspection last year but was unable on the date assigned

This examination was made on the 5 day of June, 1957

(Signed) E. H. Humphrey Examiner.

G25378

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit # G-25378

Mr. J. W. Patterson
Rupert, Idaho

Dear Mr. Patterson:

Statutes requires a field inspection in connection with the proofs on Permit # G-25378 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Wednesday, June 5, 1957

in the afternoon.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

... Junior W. ROSS, first being duly sworn, deposes and says: That he is the printer of The Burley Herald and/or The Burley Bulletin, a weekly newspaper published at Burley, in the County of Cassia, State of Idaho; that the said newspaper has a general circulation in said county, and that the said newspaper is published weekly and has been continuously and uninterruptedly published in said county, not less frequently than once a week, during a period of seventy-eight consecutive weeks immediately prior to the first publication of the printed notice herein referred to;

That said newspaper at all times herein mentioned, has been a newspaper of general circulation, made up of at least four pages of at least five columns each, printed from typed matter or stereotyped forms of at least seventeen and three-fourths inches depth, and during the whole of said time has had at least two hundred bona-fide subscribers living within said County of Cassia.

Affiant further states that the printed notice attached hereto, was duly published according to law, in the regular weekly editions of the said newspaper and not in any supplement thereof, for ... four ... consecutive weeks, commencing with the issue dated Aug. 18, 19. 55., and ending with the issue dated Sept. 8, 19. 55.

Subscribed and sworn to before me this 9th day of Sept., 19. 55.

Hazel G. Strodtgall
Notary Public in and for the State of Idaho,
Residing at Burley, Idaho.

My Commission Expires June 4, 1959

G-25372

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-25378

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. J. W. Patterson, Bridge, Idaho, Farmer, Malta, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-25378, 26th day of January, 1955, 26th day of January, 1955.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Well located 40 ft. North and 250 ft. West of the SE corner of the NW quarter of Sec. 32, Tw. 14 South Rg. 27 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well and ditches. Ditches are 2½ ft. deep, 1½ ft. wide at bottom, 3ft. wide at top. Well is 107 ft. deep with 18 inch casing to depth of 107 ft. and water is pumped from 69 ft. Pump is 6 column Fairbanks Morse Pump with 20 horse power Westinghouse motor; it was measured by test pump of same size and type.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation on the East half of the NW quarter of Sec. 32, Tw. 14 South, Rg. 27 E.B.M. containing 80 acres. Land is cultivated and improvements made as a direct result of said use are lands fenced, lands planted to crops, ditches constructed, land leveled.

J25378

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 80 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Started irrigating crops on said land (entire 80 acres) in May, 1954, and have used water during crop seasons for 1954 and 1955.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia,

State of Idaho, on this 10th day of September, A. D. 1955.

My commission expires June 16, 1956.

Permit No. G-25378

Proof of Application of Water to Beneficial Use

Deposition of Witness ^{and} Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Maylon Whiting, 42, Malta, Idaho, Merchant, Malta, Idaho.

Ques. 2. Are you acquainted with J. W. Patterson, the holder of Permit No. G-25378? How long have you known him and where does he reside?

Ans. Yes, 2 years, Bridge, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-25378, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean, 250 ft. west and 40 ft. north of the SE corner of the SE quarter of the NW quarter, Section 32, Township 14 South Rg. 27 E.B.M. Works are ditches 2½ ft. deep, 1½ ft. wide on bottom, 3 ft. wide on top.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 80 inches and have seen 80 inches conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen pump deliver 80 inches and the same was measured by a test pump of same size.

25378

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation on the East half of the NW quarter, Sec. 32, Tw. 14 South, Rg. 27 E.B.M., which contains 80 acres. Land is cultivated and improvements made as a direct result of said use are lands planted to crops, land fenced, ditches constructed, land leveled.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. character of land is silty loam

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. character of land is silty loam, 80 inches or one inch per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Started in the month of May, 1954, I saw the 80 inches used on the east half of the N. W. quarter, Sec. 32, Tw. 14 South, Rg. 27 E.B.M. and have seen the said water used on the said land ever since during growing season.

(Signed) Waylon Whiting

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley, County of Cassia, State of Idaho, on this 10th day of September, A. NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) August 6, 1955

(P. O.) Malta, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Burley-Herald Bulletin of Burley, Idaho published in
the county in which the works are situated.

J. M. Patterson

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

25378

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at Ten A M., on the 10th day of September, 19 55, at Burley, County of Cassia State of Idaho, before Thomas H. Church, Notary Public, proof will be submitted of the completion of works for the diversion of 1.6 cubic feet per second of the waters of subterranean flow and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25378 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are J. W. Patterson, Malta, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 1.6 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 1.6 cubic feet per second.

4. The place where said water is used is East half of the Northwest Quarter of Section 32, Township 14 South, Range 27, East of the Boise Meridian. ~~and the well is located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said section.~~

5. The date of priority which said user is prepared to establish is January ²¹ 26, 1955.
